## AMERICAN NUMISMATIC ASSOCIATION

The American Numismatic Association, an educational and nonprofit organization, is the largest and most active numismatic body in the world. It invites and welcomes to membership all worthy persons seventeen years of age or over, who have a sincere interest in numismatics, whether they collect coins, paper money, tokens or medals, whether advanced collectors or only those generally interested in the subject without being collectors. The Association was founded in 1891, and has about 25,000 members from every state in the Union and 62 foreign countries. It was chartered for 50 years by Act of Congress May 9, 1912; renewed in perpetuity by Act of Congress April 10, 1962 and is a mutual organization for the benefit of its members.

All Association members, except Associate, receive the official publication, *The Numismatist*, without cost other than their annual dues. Membership applications should be accompanied by \$11.00 to cover admittance fee and the first year's dues. Succeeding annual dues are \$6.00. Nonmember subscriptions, \$7.50. Single copy, 75¢. For application blanks or other information, write to the Executive Secretary, 3520 No. 7th Street, Phoenix, Ariz. 85014.

*The Numismatist* is an illustrated monthly which has been issued continuously since its founding in 1888, consists of 144 pages or more in each number with subscribers in about sixty countries. Advertising inquiries should be sent to the Advertising Manager. All other matters for possible publication in or concerning *The Numismatist* are to be forwarded to the Editor. Unsolicited manuscripts, which are sent at the owner's risk, and other correspondence calling for a reply must be accompanied by stamped, self-addressed envelopes. Opinions expressed in articles published in *The Numismatist* are those of the authors and do not necessarily represent the views of the American Numismatic Association or the Editor.

## REPORT OF THE PRESIDENT

This has been a good year for the American Numismatic Association. Much has been accomplished and more is on the drawing board for the near future. We must continue to live up to our federal charter, and we must not let anyone or any group stand in our way to advance the knowledge of numismatics along educational, historical and scientific lines.

### Membership Directory:

From almost all of the comments received, the 1964 membership directory is the finest ever printed by the American Numismatic Association.

### Educational Program:

The Board of Governors has approved an Educational Award Program, which will be outlined at the Club Representatives' meeting. We are continuing to increase all phases of our educational program.

### Home and Headquarters:

Under the direction of Board Member Charles Johnson, our Home and Headquarters drive is now under way. Immediately after this A.N.A. business meeting, the Home and Headquarters Committee will discuss this A.N.A. project. I would like to urge all of you to stay for this discussion.

### Hall of Fame:

This committee was appointed during the year, and under the chairmanship of our Historian, Jack Ogilvie, the records and accomplishments of our outstanding numismatists will be placed on permanent record.

### 1963 Election Ballots:

Because of certain precautions taken by our Executive Secretary and the alert C.P.A. firm of Troupe, Kehoe, Whiteaker and Kent, the 1493 fraudulent ballots were detected and not counted in our last election. We cannot guarantee that fraud will never be attempted again, but every precaution will be taken to assure continuing honest elections.

The A.N.A. and Coin World have co-sponsored an award of over \$6,000.00 to person or persons who supply the Board with written evidence, which, in the opinion of the Board, proves conclusively who had the fraudulent ballots printed, voted and mailed.

### I.B.M.:

Our membership file has been completely changed over to I.B.M. magnetic tape. This new system has increased efficiency in mailing of *The Numismatist*, and in general office procedure.

Precautions have been taken by microfilming all the original applications and storing these in the archives in Lincoln, Nebraska. In the event of fire, vital records can be resurrected and we can continue on without interruption.

### Archives:

Additional equipment has been purchased during the past year in order to better preserve our historical records. The Archives are under the direction of our Librarian, John Gabarron.

### Introduction to Numismatics:

In order to better acquaint the beginner with all facets of Numismatics, the Board of Governors voted to give a complimentary copy of *Introduction to Numismatics* to all new A.N.A. members.

Many thanks to your Board of Governors who have worked so hard and diligently during the past year, to the appointed officers and committeemen for their untiring efforts. It was the work of these men that made our year so successful.

Cheerfully thine,

P. K. ANDERSON

# REPORT OF THE EXECUTIVE SECRETARY

1963 - 1964

The regular statistical reports from the Office of the Executive Secretary are contained in the Auditor's Report, and I will not repeat them here.

In addition to these, we are always interested in the breakdown of A.N.A. membership by states. The total membership in each state is listed. However, in making comparisons, the size of the state should be taken into consideration, so we have also listed the state's ranking when we look at the number of A.N.A. members it has relative to its total population.

State	Total Members	Rank	State	Total Members	Rank
California	3057	9	Kentucky	232	46
New York	2213	25	Arkansas	192	35
Pennsylvania	1692	17	West Virginia	167	40

Oregon	267	16	Washington APO	3	
Arizona	261	8			
Louisiana	245	48	TOTAL Members	25,271	

Of every 7,342 persons in the United States, one is a member of the A.N.A. Don't you think that some of the other 7,341 should be members? Wouldn't you like to sponsor their applications?

Sincerely,

DON SHERER

## REPORT OF THE SECOND VICE PRESIDENT

Supervision of club representatives in the performance of their duties is a duty assigned to the Second Vice President by the By-Laws. It is therefore my privilege to report the conduct of the club representative program for the year ending June 30, 1964.

A total of 128 clubs were admitted to membership. This compares with 185 clubs admitted in the preceding year, reflecting a downward trend that commenced in 1963 following a similar trend in individual member admissions. In 1964 this trend changed and new memberships are now holding steady at a level close to the average for the five-year period ending June 30, 1963.

At the end of the preceding year the total club membership was 1019.

At the end of this year it was 1077. After allowing for loss of clubs that failed to pay 1964 dues there was a net gain of 58 clubs, reflecting a growth of 5.7 percent. If the rate of 13.7 new clubs per month shown for the last half of this year continues it can be predicted that the coming year will bring 150 new clubs into A.N.A.

It is interesting to note that the ratio of new club members to new individual members for the past year was 1 to 20. In the five-year period ending June 30, 1963, it was 1 to 22.7. It appears from this that a stronger interest is being shown in club activities to which the club representative program conducted by A.N.A. has made an effective contribution.

Four quarterly issues of the Club Bulletin were published for the year ending with the July issue. The May issue was devoted entirely to the subject of Numismatic Exhibits because this office was assigned the extra duty by the Board of Governors of supervising revision of the exhibit rules for the Cleveland convention. These new rules, drafted after consultation with members of an advisory group, were adopted by the Board without any change.

Numerous requests for extra copies of the current Club Bulletins and for back issues were received and satisfied. Inquiries also came from club secretaries and representatives concerning club activities. This was evidence that clubs are becoming more interested in the A.N.A. program.

Respectfully submitted,

HERBERT M. BERGEN  
Second Vice President

## EDITOR'S REPORT

The connecting link between A.N.A. members and their governing body is *The Numismatist*. One of the most important changes made during the last fiscal year was the naming of a Public Relations Officer to function under the direction of the Editor of the official publication. All messages to our membership will clear through him. The distribution of A.N.A. news to all publications will be made by him. At the February Board meeting, President P. K. Anderson appointed Assistant to the Editor, Glenn B. Smedley, to the post of Public Relations Officer.

As of June 30, 1964, our circulation stood at 27,947. Individual members accounted for 23,836; clubs, 1077; non-member subscriptions, 1162; news stands and other sales, 1872. *The Numismatist* now reaches 62 foreign countries.

Reprints of several significant articles were issued during the year; Eric P. Newman's "Nature Printing on Colonial and Continental Currency"; Richard Kenney's "Unofficial Coins of the World"; "Introduction to Numismatics" (now in its second printing of 5,000 copies).

*The Numismatist* quietly celebrated its diamond jubilee last September, the only notice of it being Jack Ogilvie's article on the subject. Achieving a span of 75 years is a considerable achievement for any magazine, especially one that has always been edited in spare time only. Nor has there been much turn-over in its editors, there having been only nine of the latter since the publication's founding.

Correspondence continues at a high level, some of it being for others of the A.N.A. staff. Matters concerning advertising should be directed to the Advertising Manager; those concerning the editorial side of the magazine, to the Editor; those concerning A.N.A. business, membership, general information, etc., to the Executive Secretary; concerning slides, to the Custodian of Slides; etc. Mail addressed to the right person assures quicker service.

We appreciate the continuing help of our contributors, without whom there could be no magazine. They receive no monetary compensation. Their only return for hours of work is the recognition and approbation of their colleagues. Please extend your appreciation to these numismatists at every opportunity.

Once more my gratitude goes to our Board of Governors for continued support. I acknowledge also the cooperation and help of the Advertising

Manager, S. W. Freeman; the Executive Secretary and his Assistant, Don Sherer and Jack Koch, respectively; and Vir Den Mayo and McCormick-Armstrong Company. Special thanks, too, to Glenn B. Smedley, Assistant to the Editor; William H. Bradfield and Jim Grebinger for editorial assistance; and my helpmate, Jeannie, for her understanding and cheerful aid in making plates and countless other things that add up to a substantial indebtedness on my part.

Respectfully submitted,

ELSTON G. BRADFIELD  
Editor

## REPORT OF THE ADVERTISING MANAGER

On June 30, 1964, 138 dealers were on contract for advertising in *The Numismatist*. These were for spaces ranging from the minimum of one-eighth page to multiple pages per month.

Total advertising revenue for the fiscal year was slightly less than last year. This was partially due to fewer private issue Medals and Centennial pieces being struck, but to a greater degree to a general tightening-up of acceptable advertising standards. As in the past, collection of advertising monies was no problem.

Printing, mailing and operational expenditures remained well within the budgeted figure. The total distribution of *The Numismatist* is nearing the 30,000 mark.

During the past year few complaints have been filed against our advertisers and to my knowledge no serious complaint remains unsatisfied.

There has been a great improvement in adherence to the fifth of the month deadline and in preparation of copy. I certainly appreciate the wonderful cooperation the contract advertisers are giving me.

I wish to express my deepest appreciation to Editor Elston Bradfield, his able Assistant Glenn B. Smedley and Vir Den Mayo of McCormick-Armstrong Company. The cooperation of the Editor, Advertising Manager and Printer must be continuous to get the magazine delivered to our readers on time.

Don Sherer and his office have been most helpful at intervals during the past year and I am grateful.

May I also express my gratitude to President Anderson, the Board and Officers of the A.N.A. for their continued guidance and finally to my wife, Lucy, for the many hours' help she has given me in fulfillment of my duties.

Respectfully submitted,

S. W. FREEMAN  
Advertising Manager

## REPORT OF THE HISTORIAN

Several historical items came to light in January when President Anderson authorized the Historian to inspect the archive material held in Executive Secretary Sherer's Phoenix office. Among these items were photographs of early conventions and Past Presidents to 1941 which were assembled by Ex-President T. James Clarke.

An idea was conceived by the Historian and Secretary Sherer to remove the presidential photos from the bulky glass covered frames in which they were housed and to place them in leather bound albums for a more compact method for their display and preservation. The albums have since been made, along with one for Prominent Officials and another for Distinguished Members of the Association. When completed, they will contain biographical sketches, historical information and a photograph, if possible, of all such esteemed individuals from the inception of the Association to the present. Space is provided for future honored members.

Thanks to Don Sherer and his office staff, the project is well under way.

Obtaining photographs of numerous deceased members of the past seems to be the most difficult task. Louis S. Werner and others have been most helpful in furnishing a number of these photos. While the work is progressing and more is in the research stage, there is still considerable to be done.

In conjunction with the last mentioned, special requests, asking for biographical information and other important data, are being mailed to prominent officials, senior and other distinguished members. Coöperation in completing and returning these forms to the Historian will be greatly appreciated and hasten completion of the project.

JACK W. OGILVIE  
*Historian*

## REPORT OF THE LIBRARIAN

In the fiscal year 1963-1964 your library loaned out a total of 5118 books to 1858 members. This is the first time we have sent out 5000 books in one year. This year betters our last year record by 536 books. I wish to thank my wife, Bernie, for her help and cooperation without which I could not have managed.

## REPORT OF THE CURATOR

In the fiscal year 1963-1964 the Curator received a total of 161 coins for the A.N.A. Moritz Wormser Memorial Collection, which is on loan to the Smithsonian Institution, Washington, D. C., and is used for a special display arranged by the Division of Numismatics.

Of this number 130 specimens were purchased and 31 specimens were donated. The Association is most grateful to the following individuals and organizations for their gracious contributions:

H. D. Allen, Montreal, Canada  
Chew Keng Ban, Singapore, Malaya  
V. Clain-Stefanelli, Arlington, Virginia  
Arnoldo Efron, Buenos Aires, Argentina  
Jack Friedberg, New York, New York

## REPORT OF THE A.N.A. CURATOR OF MEDALS

A significant expansion of the A.N.A. Medal Collection has occurred during the period covered by this report. A total of 81 newly-acquired pieces has increased the collection by 27 percent.

With these new additions, the A.N.A. Collection of Medals now consists of 365 pieces. This includes 21 miscellaneous medals on loan to the Smithsonian Institution, Washington, D. C., a set of 35 Admiral Vernon medals on loan to the Joslyn Museum, Omaha, Nebraska, and 309 medals, trophies, and plaques in the custody of the Curator of Medals. Although the expansion of the A.N.A. Medal Collection during the last year has been most gratifying, the collection still remains a modest one. However, the increase of allocation of funds by the A.N.A. Executive Board (from \$100 to \$200) for the purchase of medals, labels, medal cases, and other accessories and an intensified interest in the collection among A.N.A. officers are responsible for the recent growth of the collection.

Of the 81 new additions to the collection, 41 pieces were purchased by the curator from the \$300 purchase fund for 1963 and 1964, 36 were donated by past A.N.A. officers or were received as donations from the office of the Executive Secretary, and four pieces were donated or purchased by A.N.A. members and other interested parties. Among the donations were 10 medals — including a specimen of the A.N.A. gold Past President's Medal — a most important gift from the A.N.A. immediate past president, Mr. C. C. Shroyer.

The full list of donors to the A.N.A. Medal Collection during fiscal year 1964 follows:

Harold L. Bushey, M.D., Barbourville, Kentucky  
Office of the Executive Secretary, American Numismatic Association  
Israel Coins and Medals, Ltd., Jerusalem, Israel  
The Estate of Burton H. Saxton  
C. C. Shroyer, Fremont, Ohio  
Glenn B. Smedley, Oak Park, Illinois

Some of the more interesting and significant items in the A.N.A. collection will be on exhibit at the A.N.A. convention in Cleveland. In connection with the preparation of this convention display, the Executive Secretary authorized the expenditure of not more than \$75 for the printing of labels to describe the medals exhibited. These labels will form a permanent part of the collection, available for use on future occasions. Since the labels have not been submitted to the printer and a bill covering this expense is not available, this item will be accounted for in the Curator of Medals Report for 1965.

A financial statement showing funds allocated and expended for the Medal Collection during the current year is attached to this report.

The newly-organized National Commemorative Society, located at 1617 John F. Kennedy Boulevard in Philadelphia, Pennsylvania, has awarded honorary membership No. 5 to the American Numismatic Association. Under the provisions of this honorary membership the A.N.A. Medal Collection will receive the fifth registered sterling silver medal in each series which the National Commemorative Society plans to issue each month.

Future allocation of funds by the A.N.A. Executive Board will be used to expand the A.N.A. Medal Collection in all areas, to prepare additional labels, and to purchase cabinets as necessary for the proper storage and display of the collection. As funds permit, it is planned to purchase a complete set of U. S. Mint medals honoring the Directors of the Mint.

An inventory of the Medal Collection in the custody of the A.N.A. Curator of Medals was completed in June, 1964. All pieces were accounted for and an inventory list of the current collection has been submitted to the office of the Executive Secretary and to all officers of the A.N.A.

Respectfully submitted,

O. H. DODSON

## REPORT OF THE EDWARD T. NEWELL AUDIO-VISUAL EDUCATION COMMITTEE

The Audio-Visual Education Committee reports that 623 slide sets were shown by A.N.A. member clubs during the fiscal year 1963-64 and, in addition, there were 103 showings of the special 16 mm. black and white sound motion picture film entitled "A Trip Through the Denver Mint."

The total number of showings, 726, was in the range, but not equal to the previous all-time record breaking year's figure of 786. The following table compares this year's total number of slide showings with the previous five years.

1958-59.....	315 showings	1961-62.....	606 showings
1959-60.....	286 showings	1962-63.....	740 showings
1960-61.....	362 showings	1963-64.....	623 showings

The number of showings of the motion picture film "A Trip Through the Denver Mint" for the past three years is as follows:

1961-62.....	38 showings	1963-64.....	103 showings
1962-63.....	46 showings		

During the past year, we have had four copies of this film available for A.N.A. member clubs' use. If the popularity of this film continues, more copies will probably be needed.

Clubs in 46 of the 50 states and also in Canada used the slide sets. The sets were most frequently borrowed by clubs in the following states:

California .....	61 showings	Texas .....	42 showings
New York .....	52 showings	Colorado .....	41 showings
Pennsylvania ....	43 showings	Illinois .....	35 showings

The Audio-Visual Education Committee takes this opportunity to thank Michael M. Dolnick for his very competent fulfillment of his duties as Custodian of Slides. His advice and suggestions have always been most practical.

The most popular slide sets were:

No. 2	Types of Commemorative Half Dollars.....	64 showings
No. 17	Coins with Special Significance.....	57 showings
No. 3A	U. S. Copper Coin Types.....	38 showings
No. 25	Types of Regular Issue U. S. Gold Coins.....	37 showings
No. 4A	U. S. Types, Quarters to Silver Dollars.....	36 showings
No. 3B	U. S. Types, 3¢ through 20¢.....	35 showings

All these except 4A were among the top six listed last year in this report.

Slide set 10, "Confederate States of America Currency," and set 23, "Coins and Early Christianity," each with sound tapes, continue to prove popular. Fifty percent of the requests for these sets specified the sound tape rather than the lecture notes. Sound tapes for other slide sets will be prepared to meet the demand for this alternative method of presentation.

Slide set 29, "Commemorative Coins of the Weimar Republic," has been completed and is available for club showing. The set consists of 25 black and white slides of the German Weimar Republic coins of the period 1922-32. Since all the coins in this series are silver, black and white photographs were used, rather than color, in order to show more advantageously the artistic quality of the coins. This set may be obtained for club use with either sound tape or written lecture notes. The photographs of the coins (from his own collection), the lecture notes and the sound tape were prepared by Committee Member John W. Dunn. Set 21, "Regular Issue Odd-Shaped Coins of the 20th Century," has been revised by Mr. Dunn, with the addition of a new odd-shaped coin, as well as a tape recorded version of the revised lecture notes.

At the present time, your committee has a number of projects under way, among which is the preparation of a slide set on the U. S. 1922 no D cents. Committee Member Alan D. Craig has done extensive research on this subject, including a number of interviews with personnel who worked at the Denver Mint in 1922. A most interesting lecture, with alternative tape commentary, is anticipated. The committee also expects that sound tapes for a number of previously issued slide sets will be available in the coming year.

The slide set entitled "Historical Background of American Coinage," which was prepared for and is on permanent loan to the Bank of America, has been used by Mr. Cyrus H. Phillips, A.N.A. 10100, during the past year before the following groups:

Type of Group	Number of Showings	Total in Audience
Elementary and Junior High Schools.....	27	6,977
Individual service clubs .....	26	1,843
Television programs .....	1	
Total		8,820

The number of speaking engagements and attendance figures are less than would normally have been expected, compared with Mr. Phillips' work in previous years. This past year, however, Mr. Phillips was incapacitated for an extended period of time with a broken leg. Mr. E. P. McRitchie, Vice President of the Bank of America, again expresses his appreciation to the A.N.A. for making these visual education programs possible.

The financial report of the Committee is attached.

## REPORT OF SLIDE CUSTODIAN

The A.N.A. Visual Education loan collection consists of 74 boxes of slides on 32 subjects. We also own four copies of the film, "A Trip Through the Denver Mint." The number of showings to clubs during the year totaled 726; an 8% drop since 1962-63 and about 13% more than in 1961-62.

As will be noted in the statistics in Chairman Pittman's report, the demand for visual education material was uneven; the bulk of the requests were for slides on U. S. coins. The total number of showings could be increased considerably if we could convince clubs to accept slides on other subjects. Many of the new slide using clubs are recently organized and look to the visual education program as a stimulant to attendance and membership recruitment. Some of our better educational material does get into club hands, however, in spite of their reluctance, when all U.S. slides are previously booked. The average wait now for slides on U.S. type coins is about three months. We note with satisfaction an increase this year in the loan of slide set 23, Coins and Early Christianity. The most popular visual education item is our 30-minute film on the Denver Mint which was shown 103 times. All four copies are solidly scheduled for 14 months in advance.

Every effort is made to increase slide usage by grouping clubs in geographic areas and encouraging them to forward to each other and share shipping costs. The Colorado-Wyoming Numismatic Association, for example, under the co-ordination of its secretary, H. E. Ryan, regularly schedules slides to nine member clubs in a planned circuit.

A.N.A. policy to ship express because of excessive parcel post breakage has in some instances created hardships to our smaller clubs with limited treasuries. This year, as an experiment, the A.N.A. purchased several special parcel post shipping containers at a cost of \$7 each. If the experiment works well consideration will be given to expanding the use of parcel post. The recent trend on the part of REA express to close local offices in many areas of the country may hasten our decision on this matter.

One vexing problem is the negligence of some club secretaries or program chairmen in observing slide schedules as set up. Regretfully, there were several instances during the year when club programs had to be cancelled because of the failure of some clubs to forward slides promptly to the next club on the schedule. Another personal complaint relates to the manufacturers

of slide projectors who in their zeal to produce a novel product that outshadows their competitors come up with unique features but do not take into consideration glass mounted slides. The inexperienced program chairman who does not conduct a dry run of his lecture sometimes finds at the moment of his presentation that his latest model projector is too advanced for standard library loan slides.

Someone this year was so anxious to acquire numismatic knowledge that he stole a set of slides on U. S. gold coins while they were being used at a local coin show. These have not been recovered and we hope this determined student has become an expert in his field (gold coins, not crime).

The most gratifying part of this office has been the satisfaction of assisting clubs in the planning and development of programs. Comments, suggestions and criticisms designed to improve service are most welcome and I look forward to 1965 as a good year for numismatic education.

## REPORT OF THE CERTIFIED PUBLIC ACCOUNTANTS Year Ended June 30, 1964

To the Board of Governors  
American Numismatic Association

We have examined the following financial statements of the American Numismatic Association:

### All Funds

Statement of Fund Assets (Cash Basis) as of  
June 30, 1964 .....Exhibit A

Statement of Changes in Fund Balances for  
the Year Ended June 30, 1964 .....Exhibit B

### Operating Fund

Statement of Cash Revenues and Expenses for  
the Year Ended June 30, 1964 .....Exhibit C

### Building Fund

Statement of Cash Revenues and Expenses for  
the Year Ended June 30, 1964 .....Exhibit D

### Trust Funds

Statement of Changes in Fund Balances for  
the Year Ended June 30, 1964 .....Exhibit E

Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The accounting records of the American Numismatic Association are maintained and the financial statements are prepared on the cash receipts and disbursements basis. Under this method, dues, advertising, subscriptions and other income items are recorded as revenue when received, regardless of the period to which they apply. Similarly, expenses are recorded on the books when paid, regardless of the period to which they apply. As a result of this method of accounting, there are no liabilities on the books for prepaid dues, prepaid advertising, accrued expenses or the unearned portion of yearly dues. Likewise, capital expenditures for equipment and additions to the coin collection are not recorded as assets.

In our opinion, the accompanying financial statements present fairly fund assets of the American Numismatic Association at June 30, 1964, and the changes in fund balances and the cash revenues collected and expenses paid for the year then ended, on the basis described in the preceding paragraph, which basis is consistent with that of the preceding year.

Respectfully submitted,

# REPORT OF THE RESOLUTION COMMITTEE

August 21, 1964

Cleveland, Ohio

## 73rd ANNUAL CONVENTION

#1 RESOLVED that the reports delivered to the Convention by

P. K. Anderson, President

Herbert M. Bergen, 2nd Vice President

Don Sherer, Executive Secretary

of record progress and indicative of work well done for the Association be accepted with profound thanks.

#2 WHEREAS the Officers and Members of the Board of Governors, the Editor and Advertising Manager of the *Numismatist*, Librarian, Historian, Curators, Custodian of Slides, Sergeant-at-Arms, Legal Counsel and their assistants, Club Representatives, the Chairmen of various committees and their members have been untiring in devotion of service to the Association during this past year, it is therefore

RESOLVED that the American Numismatic Association acknowledge, with deep gratitude, their contribution toward the Association.

#3 RESOLVED that the American Numismatic Association officially extend to Robert T. McNamara, General Chairman of the 73rd Annual Convention and his various chairmen and their staff and the Host Clubs, Western Reserve Numismatic Club, Cleveland Coin Club, and Northeast Ohio Coin Club for their efficient performance and untiring effort and devotion for a memorable and successful convention.

#4 RESOLVED that the American Numismatic Association officially extend to the Sheraton-Cleveland Hotel and its staff sincere thanks and deep appreciation for their contribution to the success of this convention.

#5 RESOLVED that the American Numismatic Association express its appreciation to all numismatic publications for their pre-convention coverage of the 73rd Annual Convention.

#6 SINCE the Educational Program is one of the highlights of all American Numismatic Association conventions, and this year with four Internationally recognized numismatists, we deem it fit that it be

RESOLVED that our thanks be conveyed in appropriate manner to Miss Eva Adams, Dr. George J. Fuld, Edward Gans, and Felix Schlag as well as to the Moderator, Charles Hoskins.

#7 RESOLVED that the American Numismatic Association Governing Board appoint a Committee to investigate the desirability of issuing a suitable symbol of recognition to members whose original articles are published in *The Numismatist*.

#8 RESOLVED that official recognition be given Secretary Don Sherer and his staff in the preparation of the 1964 American Numismatic Association directory in the form of commendation for the excellence of this issue.

It is recommended that this be incorporated in the minutes of the Cleveland Convention.

Committee

Ray O. Lefman, Kansas City, Missouri

Charles Atkins, Centralia, Missouri

William N. Worth, Portland, Oregon  
(Chairman)

## PAPERS COMMITTEE REPORT

The Papers Committee is pleased to present the following report and recommendations:

### REPORT

1. Twenty-four manuscripts have been submitted and are now on the Editor's desk. It is especially gratifying to note the range and subject matter and literary style. A list of authors and manuscript titles is attached hereto.
2. Your chairman has promptly acknowledged receipt of each paper sent to her and has replied to each communication. When such letters contained information or requests for information that should be in the Editor's hands, the letter together with a carbon copy of the reply has been forwarded to Editor Bradfield.
3. Calls for numismatic papers have appeared in four issues of *The Numismatist* — Nov., Jan., May and July. A repeat of the May call was printed in *Coin World*.

### RECOMMENDATIONS

Whereas the Committee on Papers seems to have outlived its original purpose becoming solely one of encouraging the writing of worthwhile numismatic papers to be considered for publication by the American Numismatic Association in its official journal, and

Whereas this prodding through the pages of *The Numismatist* can be done equally well if not more effectively by the editorial staff because it is acquainted with the needs and other particulars, the Committee recommends that:

1. The Committee on Papers be restored to its original high and valued purpose as set forth in the American Numismatic Association's bylaws, article VII, section 1 (b), or
2. The duties of the Committee on Papers be combined to include its original purpose and the purpose it now serves, or that
3. The Committee on Papers be abolished.

The present committee strongly urges that the original purpose be restored. This incentive of sharing before the membership at the convention offers an avenue for active participation — the life blood of every organization.

Your chairman wishes to thank warmly the committee members for their assistance. Miss McAuley appeared before many local groups urging contributions and boosting ANA. Mrs. Gilmore did likewise and also publicized this venture through the pages of the monthly magazine of the Texas Numismatic Association.

A very special and sincere thank you to our Editor, Elston G. Bradfield, for his most capable guidance and patient understanding.

## HEATH LITERARY AWARDS

Each year a special committee appointed by the President of American Numismatic Association surveys the articles published in *The Numismatist* during the preceding year and selects from their authors the recipients of the Heath Literary Award. One of the most highly prized awards made by the Association, it honors Dr. George F. Heath, founder of the ANA and its magazine. Eligibility for medal awards is limited to authors who are members of the Association, except elected officers. Nonmembers and officers may be awarded honorary certificates, however. Following are names of the award recipients and the titles of their articles published during the calendar year 1963.

### SILVER MEDALS (Tied for first place)

Alan B. Shaw, "Byzantine Folles of Anastasius I"

Ernest Weidhaas, "New York World's Fair 1939-1940: Numismatic Record"

### BRONZE MEDALS

Jack F. Burns, "Monongah, W. Va., Tokens and Scrip"

Ray Byrne, "The Legend of Rincon"

Robert Leonard, Jr., "The Use of Stamps as Money"

### HONORARY CERTIFICATES

Kendal D. Albert, "Evolution of Numismatics"

Eric P. Newman, "A Dangerous Oak Tree Shilling Copy Appears"

Dr. Charles E. Weber, "Present Status of the Dollar"

Earl Hughes, "Advertising Notes"

L. W. McCabe, "An Exercise in Numismatic Etymology"

Ernest F. Cooke, "Odd and Curious Money, an Outline"

J. Eric Engstrom, "French Revolutionary Calendar and Numismatics"

Charles M. Johnson, "U. S. Numismatic Literature"

The chairman of this committee is quite proud of his group and feels it would be difficult to gather a more distinguished group together to make these awards. All are numismatic authors of some note and between them can boast of a fairly large number of Heath and other numismatic awards themselves. It was felt that if this group could not make proper selection, no one could do so.

In closing, the chairman would like to express his appreciation to the committee and thank them for the hours required to make their selections. It is never an easy task to evaluate such a mine of numismatic material as appears each year in *The Numismatist*. All one can do is his best, and I know that this group has followed this precept.

Respectfully submitted,

### Overton to Conduct Houston Auction

The A.N.A. board of governors has named Al Overton of Pueblo, Colo. to handle the Houston convention auction next year. Overton is widely known as a successful coin dealer and auctioneer, and he handled the auction at the Denver convention in 1963. This auction will include material donated to the national home and headquarters fund, and Overton plans to make a substantial donation of his time, "know how" and auction facilities to make the Houston auction one of the largest and the best possible.

An important feature will be the inclusion of the growing number of valuable collectors' items being donated to the A.N.A. drive to raise \$250,000 for its new home. Many collectors prefer to donate duplicates and other items from their collections to this drive because of the income tax advantage and resultant saving. Such gifts are income tax deductible for their present fair market value regardless of their original cost. (For example, suppose you once bought a coin for \$10, but today it is worth \$100. You give it outright to the A.N.A. and deduct \$100 as a charitable and educational gift in your income tax return. If you sold the coin, you would be taxed on your gain of \$90; but by giving it to A.N.A., which is a tax exempt organization, you can deduct its present value of \$100 and let the A.N.A. realize the gain, tax free.)

Arrangements have been made between the A.N.A. executive secretary's office in Phoenix and Overton whereby collectors, if they wish, may send donations of valuable numismatic items for the auction direct to Al Overton. The executive secretary's office will record each gift item and issue a receipt to the donor. All A.N.A. personnel handling gifts or money of the association, including Overton, are bonded. Correspondence concerning either donations or regular consignments for the auction should be sent to Al Overton, Colorado Bldg., Pueblo, Colo., with copies concerning donated material to Executive Secretary Don Sherer, 3520 N. 7th St., Phoenix, Ariz. 85014.

## Zerbe and Merit Award Citations

Citations to the recipients of the Farran Zerbe award and the medals of merit presented at the Cleveland convention were as follows:

### **Farran Zerbe plaque to Jack W. Ogilvie —**

"The late Farran Zerbe, for whom this award is named, recommended that you succeed him as historian of our association, a position you have ably filled since 1950. Through your record keeping and your research into the history of the American Numismatic Association, you have made immeasurable contributions to the association and its members. You have instigated outstanding programs, such as the 25 and 50 year membership awards. You have received the medal of merit, the Heath Literary award, and now the highest honor the American Numismatic Association can bestow, the Farran Zerbe award."

### **Medal of Merit to John W. Dunn —**

"Your work and co-authorship of a standardized grading system (guide to the grading of U.S. coins); your educational numismatic work shops; your weekly television programs and numerous other education promotions, have contributed to the betterment of our hobby."

### **Medal of Merit to Richard T. Hooper —**

"Your research and writing on the currencies of Colonial America has been outstanding. You have contributed regularly to *The Numismatist* since 1943. You are considered a true numismatist in your efforts to promote our hobby along educational, historical and scientific lines."

### **Medal of Merit to Ralph C. Mitchell —**

"You have contributed to our hobby on the local, state and national levels. With your lecturing engagements at service clubs, schools, churches, and coin clubs, you contributed at the local level. You assisted in founding the California State Numismatic Association and accepted responsibilities as its first president. On the national level, you have made radio and television appearances, and you have served as 2nd vice president of the A.N.A. as well as district secretary for northern California. You have given freely of your time and effort and have contributed immeasurably to the encouragement, enjoyment and promotion of numismatics and numismatic knowledge."

### **Medal of Merit to Eric P. Newman —**

"As founder of the Eric P. Newman Education Society for Numismatic Research, Publication and Exhibition, as speaker on the American Numismatic Association educational program in 1961, and as author of many numismatic articles over a period of many years, your work has justified the awarding of this medal. Your research articles and speeches on the 1804 dollar will not soon be forgotten."

## DATE FREEZE APPROVED

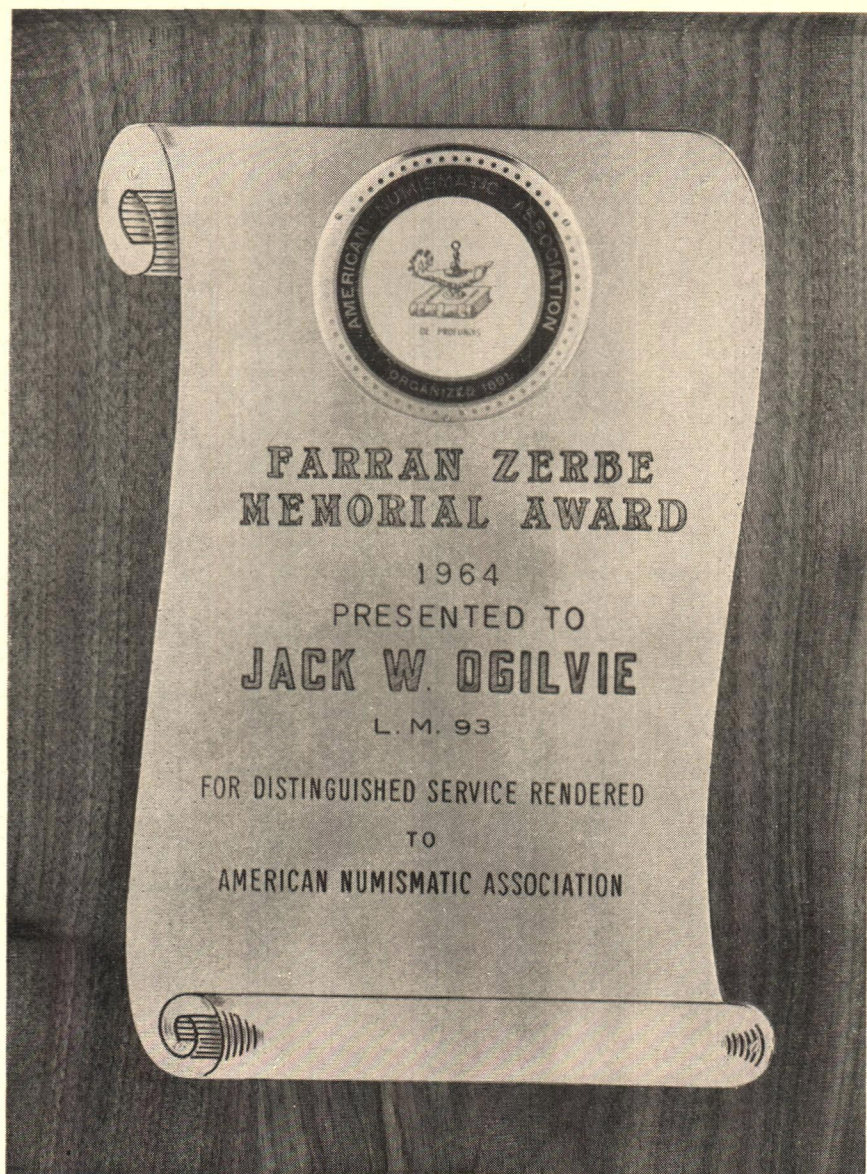

The act permitting the Treasury department to stamp the date 1964 on coins struck after the calendar year has been passed and signed by the President. When the coin shortage has been ended, the Treasury may once again date coins the year of issue.

The law provides that "all coins minted from the date of enactment of this Act until July 1 or January 1, whichever date first occurs after the date on which the Secretary of the Treasury determines that adequate supplies of coins are available, shall be inscribed with the figure '1964' in lieu of the year of the coinage." The act further provides that the requirement "that the obverse working dies at each mint shall be destroyed at the end of each calendar year shall not be applicable during the period" of the date freeze.

**THOSE DISAPPEARING KENNEDY HALVES.** It is amazing that there is such widespread bafflement as to why, and by whom, the Kennedy 50¢ piece is being hoarded. This cannot be laid at the seasoned coin collector's doorstep, as he knows a coin minted in large quantities (140 million this calendar year) can never be scarce and he, therefore, will not pay a premium for it. Following the pattern set by the general public on earlier occasions of saving new coins either as souvenirs or because of a vague feeling that "someday they might be worth something," the noncollecting citizen must be considered as a major factor in this coin's disappearance. — EGB

## ZERBE PLAQUE

The Farran Zerbe award plaque presented to the A.N.A. Historian, Jack W. Ogilvie, at the Cleveland convention.

**BOLIVIA** — Because a quantity of old notes has still to be exchanged and the new coins have not yet been minted, the Brazilian congress has extended until December, 1965 the validity of the former boliviano currency, according to Perera Co.

## NEW OR RECENT ISSUES

By

ERNST KRAUS, LM 129

It is the important duty of *The Numismatist* to record and illustrate new coins. To accomplish this, members in the United States and abroad are invited to submit new issues to Ernst Kraus, Apt. A, 1501 E. Mt. Airy Ave., Philadelphia 50, Pa. Coins will be photographed and returned as soon as possible, and a credit line will be given to anyone assisting.

Coinage executed for foreign governments — None

The Bureau of the Mint dropped from its July report the individual production figures of the Philadelphia and Denver mints. Presumably this is part of the Treasury Department's effort to discourage speculators and thus help overcome the coin shortage.

The Canadian government has announced that \$2,500 is being offered as first prize in a national contest to select a symbol for its 1967 centennial symbol. The symbol must be bilingual (Canada has two official languages — English and French) and is intended to emphasize the fact that Canada will be celebrating a century of confederation in 1967. The winning design will be used on coins and medallions, banners and crests, stationery, souvenirs, all advertising and printed matter.

In addition to the first prize of \$2,500, a second prize of \$1,000 and a third prize of \$500 are offered. The competition is open to all Canadian artists, sculptors and graphic designers living in Canada or abroad. In addition, Canadian firms in the graphic arts field are also eligible.

## COIN PRODUCTION UP 77 PERCENT

The treasury department reported that on August 11 the first month's results of its program to double coin production during the current fiscal year. In July, the mints in Philadelphia and Denver turned out 458.4 million coins — 77 percent higher than the same month last year. Production of quarters was 165 percent higher. Dime production rose 265 percent.

Still larger increases are expected this fall. The mints are converting to additional coin press operations the space and facilities formerly used for production of nickel and bronze "strip." The latter materials are now being bought from private industry.

Space in the San Francisco mint building, which was closed as a coinage mint in 1955, is being cleared for the production of nickel and bronze blanks ready for final stamping into 5¢ and 1¢ pieces at the Denver mint. Facilities of the Frankford arsenal in Philadelphia are being utilized to anneal and clean coin blanks for the Philadelphia mint.

The mint presently has 60 coin presses. This number will be doubled by early next year. Eleven new coin presses are being built and will begin producing coins in November at both mints.

Bids to furnish still another 15 coin presses have been received and orders will be placed for delivery beginning in January, 1965. Sixteen surplus presses, formerly used by the department of defense to manufacture ammunition, are being converted to coin production. The first of these will be installed and operating in October, and the rest in November.

Two other coin presses, previously owned by the mint, have been reacquired. They have been reconditioned and will make coins at Denver. In December, proof coin production in Philadelphia will cease and the presses, space and personnel of that operation will be used in regular coin production.

Congress has now approved funds to keep both mints on a 24-hour day, 7-day week schedule. Funds for the new mint in Philadelphia, \$16,500,000, have also been approved by Congress. Land has been set aside and the general services administration is rushing plans for construction.

## Obituary

VOGEL A. JOHNSON, A.N.A. NO. 21256

Vogel A. Johnson, born in Jamesport, Mo., January 3, 1902, died July 24, 1964, after a short illness in Lincoln, Nebr., his home for the last 16 years. He is survived by his widow Evelyn; son, Melvin; a sister and brother.

Vogel started coin collecting many years ago while in business in Bethany, Mo. and continued his study and collecting until a few short days before his death. Even during the remaining days of his life he had time to advise his many friends in problems relating to numismatics. The thoughts uppermost in his mind during those last days was the progress of numismatics in Nebraska and surrounding territory.

There is hardly an organized coin club within the state of Nebraska which cannot boast of their association with Vogel. He actively supported all fields of numismatics, becoming the very backbone of numismatics in this state. Quick to offer his wise counsel to the beginner and youngster of the enjoyment and knowledge to be gained from our hobby, he was just as quick to set old timers back on the right track when they strayed afar from the aims of organized coin collecting. These, then, are the ones who have lost a great and wise counselor.

Having overcome great odds suffering from a very serious illness the greater part of his adult life, he was willing and able to spend the remaining years to the benefit of his many friends in and out of the field of numismatics. At almost any time of the day or night his home was open to all seeking information and guidance. His keen insight, vast knowledge and advice, while given freely to all, was sound and most humble. For his many contributions to numismatics in Nebraska, and to his many friends outside our hobby, he will, I know, be long remembered. — A.N.A. No. 19177

## The 50 Sen Coin of 1874

By

H. F. BOWKER

In the book entitled *Japanese Coinage* by Jacobs and Vermeule, published in 1953 by the Numismatic Review, there is a footnote on page 99 regarding the 50 sen silver coins of Japan dated Meiji 7 (1874) and 8 (1875), which is quoted herewith:

"Coins dated Meiji 7 and Meiji 8 are fabrications; usually coins of other dates with altered inscriptions. NO authentic specimens have been seen, though they are on every dealer's buying list."

This categorical statement is misleading, for there is abundant proof that at least the Meiji 7 coins were struck, and it is highly probable that this is true of those of Meiji 8.

In the Japanese language volume entitled *Kahei Enkaku Zuroku* (An Illustrated History of Japanese Government Coins), page 40, it is stated that 95,304 50-sen coins were minted in 1874 and 109 in 1875. This work is by Tsukamoto Toyojiro, an official of the Osaka mint where the coins were minted, was published in 1921 and is listed under J-49 in A. B. Coole's *A Bibliography on Far Eastern Numismatics*. The record therein for Meiji 6 (1873) to Meiji 18 (1885) may be of interest:

### THE 50 SEN COIN

"Meiji 6 (1873)	7 (1874)	8 (1875)	9 (1876)	10 (1877)	11 (1878)	13 (1880)	18 (1885)
3,447,733	95,304	109	1,251	95	184,253	179	409,920
		R	R	R		R	
						Total	4,138,884"

Jacobs and Vermeule give the minting as follows:

"Meiji 6 (1873)	7 (1874)	8 (1875)	9 (1876)	10 (1877)	11 (1878)	13 (1880)	18 (1885)
3,543,146	none	none	1,251	184,348	none	179	409,920
			R	R		ER	
						Total	4,138,884"

It will be noted that the totals given by both Tsukamoto and Jacobs and Vermeule are the same for the years 1873 to 1885 inclusive, despite the fact that the former's total is given in his book as 4,139,884, apparently an error in addition or merely poor proofreading. Reference to Tsukamoto's *The Old and New Coins of Japan* (Coole's number W-88), the English condensed version of the original Japanese complete work entitled *Nihon Kaheishi* (Coole's number J-111) confirms only the above given total mintage of 4,138,884 for the years 1873-1878 and 1880-1885 in the former work and only for the years 1873-1878 in the latter publication. Neither give an annual breakdown, only totals. No 50 sen coins were minted from Meiji 19 (1886) to Meiji 29 (1896) inclusive.

It is difficult to understand Jacob's statistics on the annual mintings for certainly they were not obtained from either of Tsukamoto's publications, altho

in his preface Vermeule credits Tsukamoto by saying "This present work draws considerable from these two, especially the Japanese edition of the latter, but contains some revisions . . ." If the "revisions" included his statistics for Meiji 7, it will be shown that here it is incorrect.

So much for the bibliographical aspects of whether or not this coin was minted in 1874 and 1875. However, it can be positively affirmed that 50 sen coins were struck dated Meiji 7, so now to the practical matter as to whether or not they actually exist as denied in the paragraph quoted above.

In 1959 I was engaged in arranging and attributing all the Smithsonian Institution's East Asian coin collection. There I found a specimen of the 50 sen of Meiji 7. It was contained in an old manila envelope together with a blank black card upon which at sometime in the past it had apparently been exhibited. Many similar cases were also present in which silver coins had acquired black deposits from contact with similar cards. It had originally been a beautiful specimen with proof-like surfaces, but the black card on which it had been exhibited in Philadelphia or Washington and stored in Washington, it was impossible to guess which, had greatly impaired its condition. Being aware that some years ago the United States mint at Philadelphia had transferred coins to the Smithsonian, and playing a hunch that this coin had at sometime been in the mint collection, I referred to a copy of the *Catalogue of Coins, Tokens, and Medals in the Numismatic Collection of the Mint of the United States at Philadelphia, Pa.*, 1914 edition, and on page 563 I found that the mint indeed had had a specimen of the "50 Sen, 1874." Doubtless this coin had been received from the Japanese government, perhaps for exhibition at the United States centennial exhibition in Philadelphia in 1876, and then had been deposited in the mint collection, and was one of the specimens recorded in this volume.

It seems reasonable to suppose that at least some of the 95,304 50-sen coins struck in Meiji 7 may have been minted from dies dated Meiji 6, and in view of the rarity of the Meiji 7 coins it seems highly probable that most of them were dated Meiji 6. This practice of mints striking coins dated a year prior is quite common. Tsukamoto's enumeration of 109 having been struck in Meiji 8 seems reasonable in view of its extreme rarity, which is probably on a par with that of those of Meiji 7.

It would seem that Jacobs and Vermeule's "revisions" quoted above were made to substantiate their presumption that "none" was minted for the years Meiji 7 and 8, as Jacobs and Vermeule's total of 3,543,146 for Meiji 6 exactly agrees with the total number of coins struck for Meiji 6, 7, and 8 according to Tsukamoto.

The writer would be pleased to hear from any collector who has specimens of the 50 sen dated Meiji 7 or 8. Address communications to 1716 Gouldin Road, Oakland 11, Calif.

**PROOF COINS WILL NOT BE MADE IN 1965** – Because of the serious shortage of coin for the exchange needs of the country, proof coin operations will be suspended in December, when current orders have been filled. Those presses that are suitable will be converted to run at higher speeds and will be used for the production of coins for general circulation.

The President signed H. R. 10532, appropriation bill for the Treasury and Post Office departments and other agencies August 1 (Public Law 88-392). Included in this act are appropriations for a new mint (\$16,500,000) and not to exceed \$85,000 for printing a history of the bureau of engraving and printing.

### The Coin Has Two Sides

As we go to press, our attention is called to the editorial on page 4 of the Sept. 9 issue of *Coin World*. We feel sure the A.N.A. board of governors will give it the attention which it deserves and make known its reply. The editor can say now, however, that the coin has two sides and that glimpses of the other side can be seen in items in this issue of *The Numismatist*.

## HOME AND HEADQUARTERS FUND DRIVE

The launching of a drive to raise \$250,000 for a national home and headquarters for the A.N.A. highlighted the Cleveland convention in

August. On every hand interest and enthusiasm in the project developed rapidly. It was sparked by a brochure, given to all who registered at the big convention, which explained the plans and program for the project and the fund raising drive. Interest increased tremendously when representatives from Oklahoma City, Wichita and Kansas City spoke to a large crowd at a meeting called to kick off the drive for contributions.

"Come to Oklahoma City and pick the location you want for your Association's new home and headquarters from many choice sites which I am authorized to offer free to the A.N.A.," said Mayor George Shirk of Oklahoma City, who flew to the convention to bring this offer. "Furthermore," he said, "your building and property will be tax free." Bert Jones, representing the City of Wichita, and Ray Lefman, Kansas City, each said "We are authorized to invite you to our city where we will likewise make available to you free sites of your selection, and do as much for you as any other city can offer."

"Wonderful," responded Charles Johnson, chairman of the Association's home and headquarters committee, "this means that we now have choice sites, valued at from \$25,000 to \$50,000, available in three fine American cities without cost to A.N.A. Our committee will examine and study these offers thoroughly, and others which we understand are now in preparation, to determine which is best for the Association's use."

Johnson said also that the program calls for the final selection of a site by February 1, 1965. "At that time we hope the results of our fund raising campaign will be known to the extent that we can start preparing building plans and drawings for submission to the board of governors for approval during the Houston convention in 1965."

Since the first announcement of the fund raising drive in the August issue of *The Numismatist* and the kick off meeting at the Cleveland convention, contributions have poured in to the

Phoenix office. They have come from cities, towns and crossroads across the nation from Washington to Los Angeles, from St. Petersburg to Min-

neapolis — yes, even from Canada. Coin clubs, individual members, collectors and numismatists everywhere are joining forces to help. Some are sending valuable numismatic items from their collections for the auction planned for the Houston convention; others are simply mailing checks.

These initial contributions demonstrate that collectors and numismatists realize the importance and significance of a home and headquarters for the nation's largest and most active numismatic organization. They know this new home will give the Association the ability to do a better job for the advancement and enjoyment of numismatics on a nationwide scale, and to meet the many needs and demands for greater service resulting from the explosive growth of the hobby in recent years.

During the Cleveland convention meeting a very important point was made that the job of raising \$250,000 cannot be done by any single person or group — not by the A.N.A. president, by A.N.A. officials, or by A.N.A. committees. It must and will be done by all working together as members of the numismatic family and each one doing his part in contributing and volunteering to help put the drive over. Its success rests with those who believe in collecting and numismatics and want to prepare, build and invest in the future.

On this basis you are urged to contribute to this worthwhile numismatic undertaking. The drive is off to a good start; contribute generously with either a check or valuable items from your collection. Use or copy the attached form for this purpose. Remember, your numismatic gifts to this fund are tax deductible at their present fair market value, regardless of their original cost.

This form may be used or copied for transmitting your gift.

## NOTES & QUERIES

### Educational Awards

Dear Mr. Sherer:

I was quite pleased to read in the August *Numismatist* that the A.N.A. has adopted the suggestion of an educational award. It is a step in the right direction toward promoting the study of numismatics.

As you probably know, the Western Pennsylvania Numismatic Society has always recognized and encouraged the study of numismatics and has, as a condition of membership, stated that members should be prepared to present original papers when called upon. The WPNS schedules these papers a year in advance and promulgates the program to the membership in the form of a printed program.

I would like to request 12 "request for award" forms from you now, so that I can submit them promptly after each monthly meeting. The WPNS is a member of the A.N.A. — JOHN L. KNABENSCHUH, LM 473

### Exhibition of Chinese Coins

The World Coin Society combined its annual inauguration of officers with a comprehensive exhibit of Chinese collections brought for the occasion from as far away as Hong Kong. The consul general of the Republic of China, Chou Tung-hua, accompanied by Mrs. Chou, attended the July 2 exhibition and administered the oath of office to the following incoming officers of the Society: Executive Council Chairman L. W. Goshert, President Holman Graham, Vice President James Sartor, Secretary Harvey Thamm and Treasurer Leroy Stenzel. Outgoing President Don Seibert stated that the spectacular exhibit was an experiment to determine if sufficient interest could be aroused among collectors in an old fashioned, well planned exhibit of coins free of bourse tables and other commercial activities. Based upon the success of this first attempt, the society plans to hold other such shows featuring the coins of other countries.

The extremely rare coinage of the great Khan Kublai (1279-94) was represented by 5 almost priceless coins from the 200 year old collection of the Chin Lee family from China. Another rare collection was that of Yu Hung Chun, former mayor of Shanghai. Among the more than 3,000 coins displayed were three rare Shanghai taels (Kann 911, 911-a and 912), the

extremely rare 1935 proof British dollars, and the large ducato in oro, believed to be unique, of Marco Polo's Republic of Venice. Collectors David Yee and Chu Mon Hoe were visitors who served as translators and answered questions about China's 2854 years of coinage on display.

It took over four months to locate collections in different parts of the

Consul General Chou Tung-hua of the Republic of China, and Mrs. Chou, I, look over "Coins in China's History" with the A. I. Martins of Houston at the World Coin Society exhibition. Martin is general chairman of the 1965 A.N.A. convention at Houston's Shamrock-Hilton Hotel. (Peter Whitney photo)

world and persuade the owners to let the society insure and borrow parts or all of their treasures. Then, instead of displaying each collection separately, every coin was carefully identified and numbered and all combined in their historical and chronological sequence into just one enormous and far more interesting exhibit. (Happily, each collector received back all of his own coins.)

The next such numismatic extravaganza, featuring Mexican numismatics, is planned for a late autumn meeting of World Coin Society in Houston. All collectors in Louisiana, Oklahoma, West Texas and Mexico will be invited to attend.

### Cuban Numismatists in Exile

Several original members scattered throughout the world, wishing to keep alive the spirit of their Sociedad Nu-

mismatica Cubaña, decided to form a symbolic organization named Sociedad Numismatica Cubaña en el Exilo (Cuban Numismatic Society in Exile) to keep united until the time that their homeland is freed from the communists. Luis F. Ardois, a well known collector, was organizer of the original society and, after his second period as president in 1956, was awarded the title "President of Honor for Life." In this character, he has gathered the most active members in exile of the old organization to compose the board of directors of the new society, as follows: President Luis F. Ardois; Vice President Roberto Pesant; Secretary Fermin Alvarez Silva; Directors Narciso J. Macia, Alberto J. Garcia, Manuel G. Miranda, Rafael Oriol and Jose M. Jane. There is no treasurer simply because no fees will be collected.

The organization is accepting as honorary members all *bona fide* collectors interested in Cuban numismatics. All correspondence should be addressed to the president, 919 First Federal Bldg., Santurce, Puerto Rico 00903.

#### Paper Money Collectors Meet

The third annual meeting of the Society of Paper Money Collectors was held August 21 at the Sheraton-Cleveland Hotel coincident with the A.N.A. convention. More than a hundred were present for the banquet meeting in the hotel and heard Secretary George Wait state that the society added about 300 new members in 1964 and that it now has about 740 members. Treasurer Glenn Smedley reported a bank balance of \$1635 on June 30, 1964, and a favorable outlook financially.

The committee appointed to judge the excellence of articles published in

*Paper Money* during the past year awarded a \$10 gold piece to Forrest W. Daniel for his article on "National Currency Notes of New Mexico and Arizona," and a quarter eagle to Ernest S. Craighead for "Private Issues of the Civil War Period." Ben Douglas, who donated the awards, agreed to provide them again for the following year as an incentive for members to submit worthwhile material for the magazine.

Governors elected to replace those whose two year terms had expired were: William P. Donlon, Nathan Goldstein II, George D. Hatie, Morris H. Loewenstern, Glenn B. Smedley and George W. Wait. Because of the pressure of business interests, Wait resigned as secretary and was replaced by J. Roy Pennell, Jr., P.O. Box 858, Anderson, S. C. All other officers were reappointed. The new secretary will provide application forms to any collector who wishes to become a member of the society, for which annual dues of \$4.00 include a subscription to the quarterly magazine *Paper Money*.

#### UNE Holds Annual Meeting

United Numismatic Exhibitors, formed in 1962, held its third annual meeting during the A.N.A. Cleveland convention. Sixty-two attended the meeting conducted by Art Lovi. Mrs. Lois Otis, new chairman of National Coin Week, spoke on the exhibiting aspects of this activity.

Much of the discussion centered around judging of exhibits at all types of shows and conventions. UNE believes that there is a need for competent judges to be selected by A.N.A. in various parts of the country who can act in such capacity at any show they may attend in any locality. Complaint was voiced for failure to make advance arrangements for judges at the Cleveland convention, which resulted in hasty selection of those available and, in the opinion of UNE, unsatisfactory decisions on some awards. It was decided to write a letter to A.N.A. asking that competent judges be appointed in advance of its conventions, and suggesting that recognition in the form of a trophy be given to exhibitors who are asked to make noncompetitive exhibits.

Other discussion brought out the feeling that exhibitors at all shows, whether regional, national or local, should receive more than a ribbon as a token of appreciation and a remembrance of the occasion. Many members of UNE made talks before nu-

mismatic groups on exhibiting. Added information may be obtained from Art Lovi, 307 S. Palafox St., Pensacola, Fla.

### The TAMS Medal

The Token and Medal Society has struck a limited issue medal to commemorate its 4th annual meeting.

Announced prices are \$1.00 for the oxidized bronze piece and \$3.75 for the sterling silver one, or the two for \$4.50. TAMS members may order the medals from Clifford Mishler, P. O. Box 194, Iola, Wis.

### Twelfth MANA Convention

The Middle Atlantic Numismatic Association has selected the Claridge hotel by the boardwalk in Atlantic City, N. J., as the site of its 12th annual convention October 23-25. Known as the world's playground, Atlantic City has one of the finest and safest bathing beaches in the world due to the fact that it slopes gradually into the ocean and provides a smooth beach without dangerous undertow. Roads leading to Atlantic City provide for fast, safe and pleasurable driving. The Atlantic City expressway joins the North-South freeway from Philadelphia via the Walt Whitman bridge and the Schuylkill expressway. Motorists from the north,

south, east or west have only to aim for the Walt Whitman bridge or the North-South freeway and they will be on the Red Pennant shortcut route across New Jersey. There is also good public transportation by bus and train.

There is much to see and do in Atlantic City for those who want some diversion with their numismatics. It offers just about anything one could ask for in sports—except mountain climbing. Its night clubs and hotels are world famous, and the whole area caters to conventioners. There will be a special tour Friday morning for registered guests of the MANA convention which, according to Tour Chairman Jim McNeill, will provide 5 hours of thrilling sightseeing. Especially for the ladies, MANA has set aside the hotel's roof garden as a hospitality room where coffee and cake will be served each day from 9 to 11 a.m. They may participate in a bingo game Friday evening at 8, and Mrs. Harry Troth will see to the comfort and relaxation of guests at all hours in this restful room. MANA invites you to attend its 12th annual convention on October 23-25.

### Cleveland Auction Comments

"We consider the 1964 American Numismatic Association convention auction sale a real success," declared Michael R. Kolman, cataloger and auctioneer. Nearly 4,000 lots of material covering many phases of the numismatic field went under the hammer during the five sessions at the Sheraton-Cleveland Hotel, with Kolman's son, Michael L., serving as chief auctioneer. While mail bids "covered" all lots, the floor bidding was spirited with the majority of the top winning bids coming from the floor action. Many of those bids topped the estimated values in the catalog substantially.

The Cleveland Room of the hotel, scene of the auction, was filled to capacity with several hundred persons in attendance during the heights of the five sessions, while nearly 8,000 copies of the 154-page catalog were sent out to mail bidders. On key items, there were often six or more bidders vying for a single lot against a similar number of mail bidders. "Numismatic auctions have always been one of my chief professional interests," commented Kolman, "because you never know how collectors are going to react to any particular item. In the large cent section, for example, I expected higher bids for the early

1793-1815 varieties, but was pleasantly surprised at the serious action for the 1816-1857 specimens. In the latter, we saw some items go for double estimates and even higher."

Some top prices realized for large cents were: 1793 wreath type, S.11a, \$2,115; 1793 lettered edge, S.11b, \$2,350; 1794 S.69, \$525; 1795 S.75 2b, \$2,350. The 1803, S.258, unc., condition census 60, was estimated at \$250, but brought \$510. An 1812, S.290, small date variety estimated at \$350, realized \$410. Kolman discussed at length the 1831 N.12 large cent, which had been described as "Rarity 5" in the catalog. "After further study," he said, "we have come to the conclusion that this variety has the *highest* rarity of the entire series of large cents, including the 1793 chain types. This coin sold for \$525, and we predict that in the foreseeable future it will reach the \$1,000 mark in value and may go a great deal higher."

Bidding was highly competitive on Canadian coins, many of the lots going for double estimates and even higher. A prime example is the 1885 silver 25 cents, unc. with high wire edge. Estimated at \$450, the winning bid skyrocketed to \$1,600, establishing a record price for the coin. Following are other prices realized for silver 25 cents: 1870 gem proof, \$1,075; 1880-H, narrow "O," \$400; 1880-H, wide "O," \$625. The latter two pieces went for nearly double estimates.

Canadian nickel five cents were eagerly sought by collectors, and again new record prices were set. Top winning bids included: 1922, BU, \$150; 1923, unc. \$48; 1924, unc. \$55; 1925, pract. unc. \$300. The 15 sols silver piece of 1670, struck under the French regime in Canada and the first listed piece in Charlton's *Standard Catalogue of Canadian Coins*, realized \$4,100, a new record for this piece.

"Newfoundland coins are coming into their own," commented Kolman. "We wouldn't be surprised if Newfoundland coins began to advance as rapidly as U. S. and Canadian issues have," he added. Some top prices realized in Newfoundland large cents were: 1865 unc., \$70; 1885 unc., M.S.65, \$167.50; 1890 BU, M.S.90, \$87.50; 1904-H unc., \$115; 1909 BU, M.S.90, \$76; and 1936 BU, M.S.90, \$58.

U. S. Lincoln cent matte proofs were in great demand and top items included: 1910, \$85; 1911, \$82.50; 1912, \$90; 1913, \$85; 1914, \$205; 1915, \$310; and a 1914-D cent in pract. unc. brought \$400. There was a good show-

ing of quarters in the sale, a 1796 in strictly VF bringing \$2,400, while a 1901-S brought \$2,600 and a 1934-D Washington in BU fetched \$62.

The sale contained so many rarities that it is not practical to list them all here, but the following are typical. The excessively rare 1829 large date \$5 gold coin, in strictly fine obverse and about fine reverse, realized \$5,500. The very rare brilliant proof \$3 gold piece of 1877 went for \$5,400, while the 1877 brilliant proof \$10 fetched \$2,500. An 1895 silver dollar in proof brought \$950. Proof sets saw strong action. The 1877 set, including the trade dollar, half dollar, quarter, 20 cents, dime, nickel, nickel three-cents, and cent (the latter described as choice red unc. and purchased by the consigner as a proof) sold for \$3,500. A 1913 matte proof gold set of four pieces, \$20, \$10, \$5 and \$2.50, went for \$4,650.

Active bidding on U. S. paper money indicated increasing interest among collectors in this area. A \$5 legal tender note, series of 1875, F.67, realized \$154. The exceedingly rare \$50 legal tender note, series of 1874, F.152 in the choicest condition, fetched \$1,450. An extremely rare \$2 coin note of 1890, with signatures of Rosecrans-Nebeker, sold at \$450. The \$500 series of 1882 with portrait of Lincoln realized \$1,500, and the \$1000 series of 1907, F.1219 with portrait of Hamilton, went for \$2,100. Both of these items are gold certificates, this being the first occasion in which gold certificates were offered in a major auction. A \$3000 obsolete note of the Bank of the United States, 1840, fetched \$510, slightly over catalog estimate.

The auction contained a broad cross-section of material among the 4,000 lots, so that it attracted the attention of numismatic specialists in many fields. Offerings included many mint error coins, foreign gold, triple talers, crowns and mint sets, obsolete currency sheets, encased postage currency, medals, tokens, numismatic books and catalogs, as well as miscellaneous items. The prices realized list of this major sale may be obtained for \$3.00 from Federal Brand Enterprises, Inc., 419-25 High Ave., Cleveland, Ohio 44115.

#### Fourth Alabama Convention

If the word "successful" is overworked, let us just say that the fourth annual convention of the Alabama Numismatic Society was gratifying to the three thousand and more persons

who registered and attended the major events on July 15-18. With the Birmingham Coin Club as host, the convention was held in the Thomas Jefferson Hotel.

R. S. Yeoman of Whitman Publishing Company was the feature speaker at the Wednesday evening educational program. An overflow crowd listened

**Dr. Walter B. Jones, founder of Alabama Numis. Soc., and Mrs. Purnie B. Moore, general chairman of the 1964 state convention.**

intently to Yeoman's account of the work involved in preparing the "red" and "blue" books for publication, and of the increasing number of coin collectors who demand more and more coins and publications about them. Registration and the convention proper began Thursday morning and continued until late Saturday evening. Fifty bourse dealers, representing 16 states and Canada, and the exhibits which included some of the finest and rarest collections in the southeast were well received. Nearly \$30,000 worth of coins were sold in the three auction sessions. The noon smorgasbords each day, and a tour of the city ending with a coffee reception at the Fred Downing, Jr. residence, were well attended.

A petition, expressing the desire of the many signers to have production of proof sets and the customary dating of coins continued, was forwarded to Alabama Senators Hill and Sparkman at the close of the convention. In substance, a resolution passed by the convention recognized the current shortage of coins and stated that "there are more than fifteen million numismatists in the U. S. A., people who collect one coin of each date and mint of each denomination of U. S.

coins and who wish to continue to pursue their favorite and one of the most ancient and noblest hobbies of them all, and who regard pending legislation in Congress as extraordinarily harmful to numismatists," and went on to ask Congress to consider other means of alleviating the shortage without stopping proof set production and without continuing the present date on regular issue coins.

At the business meeting, which unanimously adopted the resolution, Dr. Walter B. Jones reported on progress of the society during his tenure of the presidency and stated that there are now 20 coin clubs in the state with three others in the formative stages. New officers elected for the 1964-66 term are: Charles Anderson of Florence, president; Dr. Fred M. Downing, Jr. of Birmingham, president-elect; Claude Layfield of Auburn, vice president; and board members Halsey Townes, Robert K. Moore, Wm. C. Blount and Wm. J. Cox. Past President Walter B. Jones was proclaimed founder of the society and voted an honorary life member of the executive board. John H. Morris, Jr. and Louis Bell were honored in a like manner and received cards Nos. 2 and 3 respectively. George M. Todd of Atlanta installed the new officers at the banquet, where the exhibit award winners were announced as follows: U. S. minor coins—Frank Smeraglia, Hank Rogers and Bill Kilgore; paper money—H. H. Norris, Mrs. Russell Cunningham, Jr. and A. L. Kropp, Sr.; miscellaneous—Art Lovi, Gil Zeller and Mrs. Harry R. Collins; foreign coins—Michael Elling and Harry Collins; gold coins—Ed Leigh McMillan II. Best of show went to Art Lovi. The Mobile Coin Club will be host to the 1965 convention at a date to be announced soon.

#### **Hall of Education World's Fair Medal**

The only permanent coin exhibit at the New York World's Fair is in the Hall of Education. Among its displays was the second solid platinum proof of the new National Commemorative Society series of medals. The first such medal was sold recently at auction at a reported price of \$2,250, and the second one was donated to the A.N.A. headquarters fund.

The U. S. Coin Corp., which has the exhibit, has issued a Hall of Education medal in coin silver and in three sizes which are available to visitors at \$3, \$4, and \$5 respectively.

Limited to 5,000 of each size, the medals are reportedly being used by some educational institutions as awards to

students for outstanding scholastic performance. The corporation's address is 25 West 43rd St., Suite 923, New York, N. Y. 10036.

#### Second GENA Convention

The seventy-five bourse tables planned for the December 4-6 convention of Great Eastern Numismatic Association were sold out several months in advance, according to Bourse Chairman Boris Wishy. Based on the success of the first convention, held last fall in Philadelphia, the management of the 1964 affair reserved the public space on the first three floors of the Hotel New Yorker in New York City. Headed by prominent dealer Bernard Gimelson and GENA Secretary Samuel Burgdorf, the committee has the aid of Louis S. Werner on exhibit awards, Gene Galetta arranging exhibits, Mrs. Elsa Moskowitz and Mrs. Joan Brand heading the registration committee, Robert Heller and Merrill Kaplan on entertainment, and the Arthur Rosholms and William Gritchins in charge of the breakfast.

Charles Slade of Orlando, Fla., will hold a pre-convention auction Thursday evening prior to the formal convention opening at 10 a.m., Friday, Dec. 4. Every dealer who has a bourse table is a charter member of GENA, there being close to 200 charter mem-

bers in all. Charter membership, at \$5 per year, is still open to advanced numismatists who secure applications from Secretary Samuel Burgdorf, P. O. Box 4831, Frankfort Sta., Philadelphia, Penna. 19124. All charter and regular members will be admitted without charge to the convention. A national detective agency will handle security, and a security room will be available to dealers Thursday evening.

#### St. Louis Anniversary Medal

The United States mint has struck a new medal to commemorate the St. Louis bicentennial celebration, the 200th anniversary of the city's founding as a French fur trading post. By authority of an act of the 88th Congress, 15,000 medals were minted in bronze and 10,000 in silver, of the limited number authorized.

The medals are 1 5/16" in diameter. The obverse carries the official St. Louis bicentennial symbol — the great Gateway Arch that is going up on the city's historic Mississippi River waterfront. The reverse bears the fleur-de-lis and three-pointed crown of St. Louis IX of France, patron saint of the city, and an adaptation of the rose and crown on the coat of arms of

Pierre Laclede, principal founder of St. Louis in 1764.

The medals are available through some coin shops or may be ordered directly from the St. Louis Bicenten-

nial Corp., 407 N. 8th St., St. Louis, Mo., 63101. Bronze medals are \$2.50 each and silver are \$5.00 each, plus 25¢ handling and mailing charge on orders for one medal. Add 15¢ for postage for each additional medal ordered. Write for discount on orders of 10 or more.

### Hunts for Belgian Medals

An ex-GI in New Jersey, Douglas S. Coffey, is a sparetime worker for St. Vith, a town near the eastern border of Belgium. Twenty years ago this fall a chain of medals, the official badge of the president of the St. Sebastian-St. Roche Fraternity Gun Club, disappeared about the time of the World War II Battle of the Bulge. The chain, which Coffey is trying to locate, is described as being made up of more than 50 flat medals, designed to be worn over the shoulders much like chain armor. It also includes a figurine of a bird.

Coffey, a member of the 106th Division Assn., has one lead indicating that soldiers of the 87th Division and the 20th Corps were involved in the "liberation" of the chain. He feels "pretty sure" that an American GI has the medals, but admits that they could have ended up with a German soldier. He hopes to locate and re-

turn the missing chain to the Mayor of St. Vith by December, the 20th anniversary of the Battle of the Bulge. Coffey's address is Town Hall, West Orange, N. J.

### Canadian Paper Money Society

A small but enthusiastic group of Canadian paper money collectors met on August 12 in Willowdale, Ont. to formulate plans for encouraging the study of Canada's paper money. With encouragement sent by a number who could not be present, it was decided to form the Canadian Paper Money Society, and interim officers were elected as follows: President W. H. McDonald, Secretary-Treasurer F. C. Jewett, and Directors J. A. Peddie and Wm. Lavell.

Charter membership is open to collectors in Canada and the United States until December 31, 1964 at \$10, which was also established as the regular annual dues. The aims, objectives and benefits to members are stated

thus on its membership application: To encourage and promote the study of Canadian paper money, singly and in coöperation with other societies and associations; to publish a quarterly journal containing price guides, articles and information on bank notes, historical information, etc.; and to provide services to members such as library, historical records, statistics, identification or authentication services. Anyone interested in Canada's paper money is invited to contact Interim Secretary F. C. Jewett, 26 Davean Dr., Bayview Hills, Willowdale, Ont., Canada for an application for either charter or ordinary membership.

### OKNA Convention in October

The Oklahoma-Kansas Numismatic Association will hold its 17th annual convention October 16-18 at the Baker hotel in Hutchinson, Kans. Membership in this organization is open to collectors of any state, and all are invited to attend and participate in the convention. Good lighting, plenty of space and air conditioned comfort will be yours as you shop the 40 bourse tables taken by dealers from New York to California. The Saturday evening auction is in the capable hands of L. A. Withroder. Collectors of any area are urged to place exhibits in one or more of the 9 categories for which

awards will be made. Write now for an exhibit application form to Mrs. Raymond Billingsly, P.O. Box 845, Hutchinson, Kans.

The convention will open officially at 9:30 a.m. Friday with the opening of the registration desk. The fee of \$4.50 includes registration, auction list and banquet ticket. Without the banquet ticket, registration is \$1.50; additional banquet tickets are \$3.50. Exhibit awards will be made at the Saturday evening banquet, and the association's annual business meeting will be held Sunday at 10 a.m. Room reservations should be made directly with the Baker hotel, Hutchinson, Kans., being sure to specify that you will be attending the OKNA convention October 16-18.

### More Heavy Money in Bangkok

The newspaper Bangkok *World* reported on August 5 that government employees will receive a portion of their salaries in heavy money in an effort to place in circulation the 30 million one baht coins recently minted. The public seems to prefer the one baht paper notes but the ministry of finance wants its newly minted coins to be used. The ministry disclosed that it expects to have notes of a new design and locally printed ready for release in 1966. Designs have been approved and plates are being made for these notes in denominations of 5, 10 and 20 bahts. — COL. JACK CORNETT, A.N.A. 36171

### Troy Issues Money Tokens

Troy, Ohio, celebrated its sesquicentennial September 12-19 with the issuance of wooden "nickels" in black, green and red along with a golden bronze 50¢ piece. These tokens are

available at face value from Eugene Shook, Troy Area Sesquicentennial Headquarters Troy Club, Troy, Ohio.

### Penn-Ohio Elects Officers

With a record attendance, the annual Penn-Ohio Coin Clubs' picnic was held August 2 at Geauga Lake Park, Ohio. Officers for the coming two years were elected as follows: President Dick Krotz, Mayfield, Ohio; First Vice President Harry Vanden Bosch, Youngstown, Ohio; Second Vice President James Kirkwood, Cleveland, Ohio; Secretary Bertha Moretti, New Castle, Pa.; and Treasurer Kenneth Ferguson, Cleveland. Information regarding the Penn-Ohio Coin Clubs may be obtained by writing Mrs. Bertha Moretti, 1503 Wilmington Rd., New Castle, Pa.

### Brasher Doubloon, Author's Rejoinder

To the Editor:

In the August *Numismatist*, p. 1063, there was a letter from Robert W. Julian in which he stated that I, in my recent article on the Brasher doubloon (*Numismatist*, June, 1964, p. 751), had confused an assay made in 1790 with one made in 1792. I appreciate Mr. Julian's comments but I believe he missed the point of my remarks. My purpose in discussing the 1792 assay was to refute the statement often seen in print that Brasher made assays in that year for the United States mint, pursuant to instructions from Alexander Hamilton.

The assay of 1790 was made for Hamilton but not while the government was located in New York, as stated by Mr. Julian. Congress moved from New York to Philadelphia in

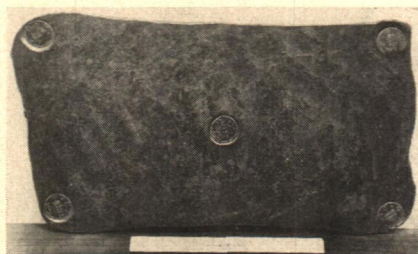

August, 1790 and the assay was not made until December of that year. In November, Hamilton had written to William Seton, cashier of the Bank of New York, asking him to have made in New York City an assay of certain foreign gold and silver coins. The results of these tests were used by Hamilton in his report to Congress in January, 1791 on the establishment of a mint. It is possible that Seton might have asked Brasher to prepare some of the assays but so far, the documentation of this fact is lacking. — VERNON L. BROWN

### Shop Talk

After doing business for many years across from the Hotel Raleigh in Washington, D. C., B. M. Douglas has moved to a new location nearby. His new coin store is at 505½ 11th Street, N.W., Washington, D. C. 20004. The formal opening was held on August 26, according to an invitation sent to his regular customers.

Beebe's of Omaha advise that there has been a delay in publication of reprints of Dr. Davenport's three books on European coins (see p. 904 July) and that the first one is now expected about mid-October. Orders will be filled promptly upon receipt of the books.

### BIG MONEY

Front of the world's largest metal coin, minted in 1644, is now on display in the Swedish pavilion at the World's Fair in New York City. The unusual piece of currency measures 14 by 24 inches, is half an inch thick and weighs 44 pounds. This 10 daler coin was made in Sweden by what is now known as the Avesta Steel works, one of the companies in the internationally known Axel Johnson group, a major exhibitor in the pavilion's "Hall of Industry." ## SUGGESTIONS FOR MAKING NUMISMATIC EXHIBITS

**A**N EXPERIENCED numismatist who has exhibited many times and who has served as a judge of numismatic exhibits on numerous occasions, ranging from local club meetings to regional and national conventions, has had the opportunity to make observations of the merits and demerits of coin displays. It would be of interest and benefit to those with less experience in exhibiting to have one so qualified give his opinion of what to do or not to do in making a display, especially one that will be judged in competition with others. Such advice, if closely observed and followed, is not intended to insure a top award, but it can be helpful and give the exhibitor a better chance of taking top honors.

When you are considering making a display of material from your collection at a coin show or convention you should keep in mind the elemental points that every exhibitor should know and observe. These are listed here with a brief discussion of the meaning and application of each point.

**EXHIBIT SUBJECT.** Careful thought and study must be given to the subject of the display. Whatever the numismatic field or item is that you choose for your subject, be sure that you learn as much about it as you can before you begin to assemble your material and organize it for exhibition. This is the mark of a true numismatist. If you do not have a basic knowledge of your subject, you lack the first requisite for making a good display.

**EXHIBIT MATERIAL.** When you are satisfied that you have a good working knowledge of your subject, then you must carefully choose the material from your collection which you feel will best exemplify or illustrate your subject and convey to the viewer what you want him to see or perceive. You may not possess a wealth of material covering your subject, but so long as you have those essential pieces or parts that will suffice for this purpose it will be enough.

On the other hand, do not try to show every item in your collection even if it is related to your subject. Use of material that adds nothing to a display is considered superfluous and will only detract attention from the main display.

After you have selected the material from your collection that you are sure will be useful and helpful in forming your display, give careful thought to the manner in which you will organize it. Prepare a number of layouts so that you can visualize how the amount of material you have to show will fit the space that is allotted to you for your display. Usually you will be limited to a certain number of standard size display cases.

**EXHIBIT RULES.** Every coin show or convention issues rules that govern the procedures for competitive exhibiting. These are essential for orderly handling of exhibits. They are made primarily for the benefit of the exhibitor who should therefore follow them faithfully.

Exhibit rules have varied greatly from place to place and time to time. Now the great increase in coin shows and conventions calls for efforts to formalize and standardize these rules. A.N.A. has taken a leading part in these efforts and it is proposed that regional associations should adopt, as nearly as is practical, the rules that have been established by the board of governors of A.N.A. for the convention at Cleveland in 1964.

**EXHIBIT CLASSIFICATIONS.** Exhibit rules usually provide for various display classifications which divide the displays according to the kind of material that is used. So you must enter your display in the classification that fits your material or subject. Do not display a mixture of material unless it is properly related to your theme or subject. For instance, a display of gold coins should be entered under the gold coins classification and should not contain copper, nickel, or silver coins.

If your subject is one that does not fit any of the primary classifications, you can enter it under a special, general, or miscellaneous classification that is usually provided for such displays. If your display belongs in this classification be sure that you give the display a title that will be appropriate and

correctly describe your theme or subject. For example, if you want to display money in use during the Civil War you would show the regular coinage along with tokens, currency, and other media used as money by both sides during the war.

**EXHIBIT JUDGING.** A most important part of the exhibit rules for competitive exhibits relates to judging. Every exhibitor should have a clear understanding of this part of the rules before the exhibit is formed. In particular, the exhibitor must acquaint himself with the point score system under which exhibits may be judged. Point scores have varied so considerably that A.N.A. considered it advisable to make them uniform. As a result the board of governors adopted the following point score system for use at the convention in Cleveland this year:

EXHIBIT ASPECT	MAXIMUM POINTS
(1) Numismatic Information (measured in terms of educational value to the viewer) .....	35
(2) Arrangement and Originality (manner of presentation, neatness, and eye appeal) .....	30
(3) Completeness (range, scope, and variety of coverage shown by the exhibited material as it relates to the exhibit title or theme) .....	15
(4) Condition (quality of exhibited material compared to highest known quality of like material) .....	10
(5) Rarity (considering condition of exhibited material) .....	10
Maximum Total Points .....	100

In order that exhibitors may have a better understanding of the meaning and value of the five aspects by which exhibits will be judged, they will be discussed in some detail.

**Numismatic Information.** Numismatic information should always come first and be foremost in exhibit scoring value. This is the principal test for determining if the exhibitor knows his subject and will qualify as a student of numismatics. Information shown with an exhibit must be adequate, but it need not be long or extremely detailed. The briefer and more to the point you can make your information and still have it adequate, the better it will serve your display.

Use simple words wherever possible. Employ proper numismatic terminology and correct attributions. Remember that judges are chosen as experts and may easily detect mistakes.

Historical references add to numismatic information, but they should be brief and pointed to the subject of the display. Avoid long quotations or clippings from books and periodicals.

Write legibly or preferably print or type your information. If there are many lines, double space them. Avoid unnecessary repetition.

**Arrangement and originality.** Appearance of a display rates a high point score value. It is next in importance to numismatic information. It must be given careful attention. The material should be orderly and neatly arranged so that it will be attractive and pleasing to the viewer.

Do not crowd a case with excess material. Viewers will be looking at many displays and few will take time to look at every one of a large number of items. Where it is necessary to show many coins in order to show completeness of a series, it is proper to group pieces closely.

Some exhibitors try to make displays attractive with objects such as flags, ribbons, flowers, pictures, statutes, and assorted bric-a-brac. In many cases this window dressing is overdone so that it takes attention away from the numismatic subject. Avoid too much embellishment. If you are showing Civil War tokens do not scatter them in a battlefield scene with soldiers and cannons everywhere. This makes the tokens seem incidental and secondary.

When dressing up a display keep it in good taste. Do not make it look like the display window in a five and dime store, or like a cluttered display in a second-hand shop. Forming a fine display is not only a study, but it is

an art. However, you should not have to hire an artist to make up the exhibit background. Some, who have the means, try to do this, but it is liable to show up that the work was done by someone else than the exhibitor, and this will not win favor with judges.

There are many fine points in the art of arranging a display, but limited space in this bulletin will not permit their discussion. It is suggested that exhibitors look at window displays in first-class stores, or, better still, look at coin displays in a museum. Study these for ideas that can be used. Finally, the exhibitor must not fail to study the top award displays in a large convention to see how others do it.

It must be mentioned that at many past coin conventions the terms arrangement and originality were treated separately. The new A.N.A. rules have combined these terms under one aspect because the two are so closely related that it is often difficult to distinguish what, if anything, is original in an arrangement, in most cases where exhibits show distinct originality the exhibitor has employed mechanical gadgets or devices that focus attention on the device and leave behind the numismatic subject. Although these achieve originality they do not necessarily have a numismatic application.

**Completeness.** Completeness is an aspect in which the exhibitor can reach a top score easily if he displays a subject that is easy to show with completeness. However, most coin series or subjects are not easy to complete. Many collectors like to show a subject that is not easy to complete. There is a challenge about this that appeals to collectors, in these cases, if the exhibitor lacks only one specimen where the average collection needs more than this for completeness, he can get a high point score for relative completeness.

Care must be taken in selecting the title for the exhibit. Be sure the title fits the subject. Do not let the title reach beyond the area in which completeness can be shown. For example, do not use the title "U. S. Dimes" if you mean to show only Mercury type U. S. Dimes.

**Condition.** In recent years there has been a tendency to downgrade the point score for condition of exhibit material, allowing generally only 5 points for this aspect. The new A.N.A. point score has doubled the value to 10 points because condition is a state that every collector strives for. It is true that many collectors cannot afford the finest condition, but this should not penalize the exhibitor who is able to show the best. We must also consider that the viewer wants to see choice rather than inferior condition.

The A.N.A. exhibit rules qualify the term condition to mean comparative condition. This means that if you show a rare coin that seldom appears in better than fine grade you will be given nearly as much credit for a specimen of that grade as would be given for a common coin in mint condition.

**Rarity.** Down grading the value of rarity in numismatic exhibits has also become a tendency of many coin shows. The reason for this is that so many collectors cannot possibly qualify in this respect. Here again we penalize the collector who is the proud owner of a rare piece. Even the owner of a Lincoln cent set will point with pride to the rarest pieces in the complete set. Many collectors and exhibitors claim that lowering the point score for rarity has discouraged the display of rarities and encouraged the display of common material. This situation caused A.N.A. to increase the score for rarity from 5 to 10 points.

**JUDGING.** Probably the most controversial part of competitive numismatic exhibits lies in judging. It often leads to arguments and dissatisfaction among exhibitors. The role of a judge is not always a happy one and many numismatists are inclined to decline appointment. Like an umpire in a ball game, his judgment will be challenged by those who take a different view. But we must have judges if we are to have competitive exhibits, just as we must have umpires to have ball games.

The way a judge looks at a display may not be the same as the way the exhibitor or the viewer looks at it. A judge must look at a display without bias. He has to spend a great deal of time looking at all the exhibits and arriving at point score totals. Where the totals are close and difficult decisions have to be made we can generally rely on the fairness of the decisions.

At recent A.N.A. conventions it has been the practice to name as the

third member of the three-man team of judges someone who is known to be an expert in the classification to which he is assigned. This has answered the complaint that the judges are not always expertly familiar with every classification.

Probably the best advice that can be given to exhibitors is to keep trying to improve displays until finally a winner is produced. Above all, make up your mind to accept the decision of the judges even if you feel they are wrong, and never join the few who are chronic complainers and poor losers.

**ADDITIONAL EXHIBIT CLASSIFICATIONS.** The continuing strong growth of numismatics in this country has brought with it a pronounced expansion of interest in the coinage of other countries of the world. Where we once had only a few collectors of foreign coins, we now have a large number who are actively engaged in the foreign field. American numismatists have gone international.

It is only natural that these collectors of foreign material are looking for a chance to display their collections, not as before in the catch-all category of foreign coins, but in separate exhibit classifications for those countries in which they have taken a special interest.

Until now A.N.A. has had only three classifications relating to foreign coinage. They are foreign coins after 1500 A.D., foreign paper money, and Latin American exhibits. Awards for these were established by the donations of interested numismatists some years ago.

With the greatly increased attention given to Canadian coinage in the last decade there has come about a strong demand for a separate Canadian classification at A.N.A. convention exhibits. Coin shows and conventions held close to the Canadian border were doing this at their exhibits. It must be pointed out that, contrary to some published reports, Canadian coinage had never been treated as a separate classification by A.N.A. although at the Detroit convention in 1963 there were Canadian exhibits shown in a group, but these were entered under complete control of the Canadian Numismatic Association which was invited to hold its convention jointly with A.N.A. in that year.

The board of governors of A.N.A. at the 1964 winter meeting in Phoenix approved the recommendation by the exhibit committee to establish a Canadian classification commencing with 1965, on condition that a suitable award would be offered by those interested in such a classification. As a result of this official action an announcement was made by a group of Canadian numismatists that they would sponsor an award and provide the means for its continuing upkeep. ### EXPANSION MEMORIAL MEDAL

Commemorating the Jefferson National Expansion Memorial, this 1½-inch medal is being sold by the Memorial Association, 11 N. 4th St., St. Louis, Mo. A frontiersman is depicted on one side and the Gateway Arch, old courthouse and other key features of the memorial on the other. Postpaid prices are \$1.75 for bronze and \$5.25 for silver medals. Marshall Maynard Fredericks designed the medal, which is being produced by the Medallic Art Company of New York.

## The A.N.A. Board Reports

Members of the board of governors and seven appointed officers spent some 12 to 13 hours in session during the Cleveland convention, considering and taking action on problems and activities of the Association. While the decisions reached are not likely to be considered as headline news to most members, the board felt that a report of its deliberations should be made.

After disposing of a few routine matters, the auditor's report (available in the annual reports of officers to be published in *The Numismatist*) was considered. Of interest to members is the auditor's approval of a statement that the receipts during the year ended June 30, 1964 were \$252,389.99; expenses were \$235,527.61, leaving an excess of revenues over expenses of \$16,862.38. The entire cost of the membership list, dated May, 1964, was paid in the 1964 fiscal year. Expenses chargeable to *The Numismatist* were \$139,846.55, while advertising, subscriptions and single copies brought in \$86,164.11. At a hasty glance, this appears to indicate a deficit of \$53,682.44 for the fiscal year but it must be borne in mind that in the present system of accounting no portion of members dues is allotted to publishing the magazine. At least 50 percent or more of such dues should be so credited. If this were done *The Numismatist* would show a profit of \$27,965.12 (by adding half of membership dues, \$81,647.56, to the magazine's income) instead of a deficit.

For other details, attention of members is directed to the auditor's complete report. The budget approved for the year 1964-65, subject to revision in midyear, anticipates about the same income but some increase in expenditures, the latter being principally the transfer of 10% of receipts from dues and admission fees to the home and headquarters fund, stepping up the visual education activity, and various increased administrative costs.

All appointive offices were filled by reappointment of the incumbents, many of whom are listed on the second page of each issue of *The Numismatist*. The chairmen of 20 committees were appointed by President Anderson. Many of his selections were made after discussion with members of the board, which concurred in all appointments. A complete list of these will be published soon, some of special concern to members being: Heath literary award, John W. Dunn; convention papers, Elston G. Bradfield; audio visual education, Michael M. Dolnick; bylaws, Matt H. Rother; bourse rules, George M. Todd; National Coin Week, Mrs. Lois Otis; home and headquarters, Charles M. Johnson; and club program, Jack Koch.

Dates of National Coin Week in 1965 were set for April 24-May 1. Life membership applications of 9 members were approved, the names to be published in the executive secretary's monthly report. Proposals from two dealers to conduct the Houston convention auction were considered and the one by Al Overton of Pueblo, Colo. was accepted. Overton's proposal included the cataloging and selling of the numismatic items being contributed to the building fund without charge to the Association. Harry X Boosel was named general chairman of the 1966 annual convention to be held in the Pick Congress hotel in Chicago. No further action was taken on the 1967 convention at the Americana hotel in Miami Beach or the 1968 convention in San Diego. The 1969 convention was awarded to Philadelphia.

There was lengthy discussion of the home and headquarters project, which will receive continuing publicity in succeeding issues. The board agreed upon a tentative timetable of choosing the site at its midyear meeting in February, 1965, and having building plans ready for approval at the Houston convention next August. Results of the fund drive, to which contributions are being made at a surprising and gratifying rate, are to be published monthly.

There was a general discussion of several proposals such as protection of collections of members, helping with estate appraisals, and hospital and life insurance for all A.N.A. members, but no specific action was taken. A set of rules was adopted as the basis for selecting bourse dealers to have tables at future conventions, and these will be published promptly.

To be published soon is the newly adopted program to assist A.N.A. member clubs, of which there are nearly 1100 at the present time. Direct responsibility for this program was transferred to the assistant to the executive secretary.

## A.N.A. Takes Stand on Coin Hoarding

The board of governors directed that the following letter be sent to the secretary of the treasury and other government officials directly concerned with the coin shortage:

The Honorable C. Douglas Dillon  
Secretary of the Treasury  
Washington, D. C.

Dear Mr. Dillon:

Recently there has been a great deal of publicity given to the present coin shortage and many of the articles in print have quoted prominent people throughout the United States. This letter is being written to clarify for you the position of the American Numismatic Association, one of the oldest and the largest coin collecting fraternity in the Americas.

At this writing our Association is in session at its 73rd anniversary convention in Cleveland, Ohio. As an organization, we are opposed to the hoarding of coins for speculative or other purposes, including the storage of bags or other excessive quantities of coins not of numismatic value. Our official publication, *The Numismatist*, will not accept advertisements containing such material.

We wish to continue the fullest cooperation with your office, and trust that you will communicate any suggestions direct to my office. This letter is being written with the knowledge and approval of our board of governors.

Sincerely yours

DON SHERER  
*Executive Secretary*

## PNG to Support A.N.A. Home Project

One of the first large groups in the numismatic family to pledge support of the A.N.A. national home and headquarters project and fund raising drive was the Professional Numismatists Guild, Inc. This group, whose purpose is to maintain high standards among its members and to work for the betterment of numismatics, set a goal of \$50,000 as its financial support of the new A.N.A. home project.

In announcing its support, a spokesman for PNG said, "We are behind this project because we believe it is one of the most constructive steps taken in recent years to improve coin collecting and numismatics on a national basis. It will take money to do this job, and we will endeavor to raise \$50,000, individually and collectively, for this worthwhile undertaking." To emphasize their support, two members of PNG wrote checks of \$500 each and signed pledges to give another \$500 yearly until their individual gifts reach \$2,000, making them patrons of A.N.A. Several other PNG members have sent substantial checks to the executive secretary's office in Phoenix where they will be processed and reported, with other contributions, in *The Numismatist*.

At the Cleveland convention banquet, the number 1 bourse table for the A.N.A. Houston convention was offered for sale at auction and went to PNG for \$4,000. As previously announced by A.N.A., the price paid by the successful bidder will be construed as a donation to the home and headquarters fund, and will entitle the high bidder to become a patron of A.N.A.

"We are happy to have the fine and very generous support of PNG," said Charles M. Johnson, chairman of the home and headquarters project, "and I am appointing Abe Kosoff, Leo Young and Dan Brown, PNG officials, co-chairmen of the A.N.A. fund raising drive for their organization. We hope that all other groups within the numismatic family will follow this splendid example and give promptly and generously to the drive."

# REMINISCENCES OF AN OLD COLLECTOR

By

EDWARD GANS, A.N.A. No. 8022

Paper read at the Educational Forum, A.N.A. Cleveland convention, 1964

I CONFESS, I love coins, even the humblest, but what is perhaps more, I respect them. And just for this reason I am somewhat frightened about the continued rise in prices, since it may discourage the collector, and he may eventually abandon our hobby. To circumvent at least the extravaganzas of the boom I would like to make some suggestions which, in my mind would at the same time make all collecting activities more interesting and fruitful.

Before I come to my point I have to make a personal remark. As a professional, and an erstwhile collector, I decided years ago to specialize in ancient and medieval coins. In a "one-man-business" one can not handle everything, and when one wants to work really thoroughly, one is forced to specialize. This does not exclude my interest in everything numismatic, be that modern or Oriental coins, medals, decorations or tokens, or what not. This remark should simply explain why I have chosen — as examples in my subsequent illustrative discussion — mostly coinages from earlier vintages. The underlying facts are valid for the whole field of numismatics, from the 7th century before Christ till today.

My plea is in the direction of diversification! A collection of Greek or Romans, of English or Russian, or whatever you say, can never be complete. If you walk through numismatics wearing blinkers, you will eventually get tired. By diversification you will avoid frustration, because there will always be something new. A thousand collectors can choose a thousand different lines, because numismatics has an answer for everybody. Whatever your personal interest, you will find it mirrored on coins.

1. If it is history, show the history. Show the coins of great leaders and the allies, show the alliances, show the cities and countries conquered, show the opponents, too. Many of them did strike coins. And such a picture with illustrative maps becomes alive. The luck of war was sometimes on one side, sometimes on the other;

Trajan was the victor, Valerian became a captive.

2. Or in a more peaceful vein, illustrate the travels of St. Paul or Marco Polo by coins from cities they visited.

3. If it is aviation get everything from the flying Nike to the Zeppelin on German coins, or many more recent medals.

4. If you love music, go for Apollo and the muses, the fiddling Nero, for musical instruments, for medals of composers and artists, for operas from the Messiah to the meistersinger, with everything it implies.

5. There is zoology and botany to be found over 2½ millennia. And botany brings me to wine.

6. You find grapes, and vine and vineleaves, wine containers and drinking cups, gods of wine and the famous Heidelberger barrel. Incidentally, there is an amusing book on this topic by one of the greatest antiquarian scholars, Charles Seltman.

7. Sport and athletics, from the Olympian games and the prizes till tomorrow in Japan.

8. There is technique, from the wheel to the rocket.

9. And an unending field is economics. The various standards in the ancient world, the numerous denominations, and the reductions in weight accompanied by debasement in alloy leading to inflations.

There are hundreds of other possibilities and no need for you to select one specific series. To the contrary! This year it may be fish, next year it may be birds. And in the course of years you will find additions to your several series.

What I am driving at is this: A normal collection of ancient coins is simply a representation of Greek cities or Roman emperors. But if you pick out some 30 or more coins from cities visited by St. Paul such a group takes on a special meaning. It represents your work, your diligence, your interest. Here it is the idea that counts. And an EF stater of the 5th century,

for example, of Corinth, would be out of place; a modest little copper coin of Corinth of the 1st century, which could be found for a few dollars, and which St. Paul even may have handled, would be much more representative.

In the course of years your interest will widen, you will establish 3 or 5 or even 10 different cabinets or boxes. You will find coins—or medals—which fit into this group or that, and your studies as well as your exhibits will become more rewarding and exciting, for yourself, for your family, and for your friends. And the crucial point is that condition becomes of secondary importance, since it is the idea that counts.

I do not mean to underrate the state of preservation, but I try to give it its right place. If the artistic approach is prevalent, then, of course, it is of foremost importance. But there are limitations, even then.

I must tell you a story which happened during the last war, perhaps 20 years ago. The late Mr. Velay, a former trustee of the ANS, was a collector of highest caliber; he had great knowledge in all fields of art, an un-failing taste, and practically unlimited means. He lived around the corner from my place in New York, and he used to visit me at least weekly. Once, when he came, he laughingly put a Syracusan tetradrachm on my desk. "I got it," he said, "from Dr. Hirsch, and I want to compare it with your specimen." We did it, and we found that both pieces were struck from the same dies, and that the state of preservation was fully alike. The only difference was that Dr. Hirsch's specimen was fully centered; my specimen—a trifle smaller—had one of the dolphins, four of which surround the Arethusa head, not completely on flan. And then Mr. Velay said, "Your price is \$300; Dr. Hirsch wants \$800. You know, I want always the best, but I simply cannot bring myself to paying \$500 for a fishtail." Two lessons can be drawn from this: One, there are limitations even for the most demanding collector; and second, Dr. Hirsch was the wiser; he got his price some years later.

My remarks are not addressed to the very few with unlimited means, but to the vast majority of collectors who want beauty, and yet have to look at the price tag, too. To those I say, dig deeper, discover and concentrate on the beauty and style, and overlook the shortcomings.

(At this point the author showed two slides:

1. This Syracuse tetradrachm belongs to the most beautiful of the whole series. The artist's signature "A" appears on the neck. This specimen has several shortcomings: the flan is short and thick, it is slightly pitted near the edge, one dolphin and part of the cap is missing. But when you look solely at the head and the profile you will fall in love with the girl, and forget about the dowry. The slide will demonstrate what I mean.

2. Look at this sestertius of the elder Faustina. The first glance shows only the severe damage suffered to the patina. No use denying it. But cover up the damage with your thumb, and you will see the most lovely head of one of the best empresses the Roman Empire ever had. And when such coins are available at a 5th or a 10th of the price of an undamaged piece, then it should be grabbed. It is an investment in beauty, and in the long run an investment as such.)

Let us not forget that many coins were in circulation for 2,000 years or more. Isn't it a miracle that uncirculated coins have survived at all? Any museum is proud to show a marble head—damaged and with broken nose—or restored terracotta vases, or bronze figures without arms or legs. Our numismatic field is lucky to have so many desirable and acceptable pieces.

I am pleading for broadmindedness in collecting. I am pleading for not always putting condition on the top of your requirements. Thus, being a heretic, I will end with another hot topic—forgeries.

In the course of a long life I have accumulated quite a collection of forgeries. Many were acquired knowingly, and I paid a small price for them. Unfortunately, I can not say that every piece, and the lesson I learned was sometimes paid for rather dearly. Retrospectively I must say I do not regret it. This collection, probably some 250 pieces, is housed in a separate cabinet; it is a source of enlightenment, of learning, and often of fun. Fun, to see gold and copper coins struck in silver or lead; and—quite presumptuous—a silver tetradrachm struck in gold! On the other hand, the magnificent electrotypes of the British museum are delightful. One would never get the originals anyhow, so why not enjoy without envy these fine reproductions. On a more serious vein are the products of such counterfeiters

as Becker, Christodoulos, Cigoi *et al*, and many more anonymous fellows.

Here the real studies begin, and, believe me, nothing trains the eye better than when one has once been deceived by a good fake. One such experience is longer lasting than an hour's talk by an expert.

Most dealers, and definitely all members of the International Association of Professional Numismatists will take

a fake coin back, but often a return of a fake is not possible. If this happens, by all means don't put such piece back into circulation, and don't handle it as if it were a hot potato. "A rose is a rose," said Gertrude Stein. A coin is a coin - genuine or fake - and something you will get out of even a forgery, perhaps not dollars, but fun and learning.

Thank you and good hunting.

## Second Report on A.N.A. Fund Drive

### Good Will Through Numismatics

National Coin Week for 1965 will be April 24 through May 1, with a theme that will cover just about any type of exhibit. Good will can be created by showing an educational numismatic exhibit of another country. Good will for you, your club and the great hobby of numismatics is accomplished whenever you do something constructive in your own community. Everyone has this opportunity in making any type of National Coin Week exhibit. Start planning your exhibit and location now!

To our fellow members in other countries, we send to each of you a special invitation to join us in observing National Coin Week by showing exhibits in your own locality. The theme "Good Will Through Numismatics" should be of special interest to you, too. — LOIS OTIS, Chm., 17643 Lincoln Ave., Homewood, Ill. 60430

**BIRTHDAY GREETINGS** to Mrs. Cora D. Henderson, Springfield, Ohio, who was born on October 8th. She became a member in August, 1909 as No. 1245 and received the 50-year gold membership medal at the 1959 Portland convention. She holds the distinction of attending more conventions of the association than any other woman member, a total of 32. Happy birthday to one of the most gracious ladies of the A.N.A.

## BOOK REVIEW

*1965 Standard Catalogue of Canadian Coins, Tokens and Paper Money* by J. E. Charlton, 13th edition, Whitman Publishing Co., Racine, Wis., board covers, 128 pp., illus., \$1.00 in U.S., \$1.35 in Canada.

True, a new edition of Charlton's Canadian catalog is no longer the center of attention and excitement it once was; yet it is important to the increasing number of Canadian coin collectors and is still a best seller. This edition continues the listing and excellent illustrating of tokens, provincial issues, Canadian and Newfoundland decimal series and paper money. Mintage figures, where available, and current pricing in as many as five conditions are given.

It is in the latter, of course, where the greatest value of the new edition will be found by collectors. The upsurge in interest in Canadian numismatics, especially in the decimal coins of the 20th century, is dramatically evidenced by comparing retail prices in this edition with those in the 12th. While the early large cents and other coins prior to the turn of the century show modest increases, the nickel 5¢ piece and other decimal coins of recent years tell the big story. Many of these nickels, dimes, quarters and halves have doubled in price. A specific example is the 1938 set of 5 minor coins (according to Charlton and the book's contributors, these 5 coins in choicest condition are worth about \$400). In unc. condition, the 1911 silver 5¢ piece doubled in value from \$20 to \$40; the 1922 (first) nickel 5¢ coin advanced from \$9 to \$20; and the 1938 nickel 5¢ rocketed from \$15 to \$100. These are not isolated examples, as many other decimal series coins show comparable price increases. While gold coin prices are mostly stable, proof-like sets have advanced to about double the prices of a year ago. Newfoundland coins are more stable in price, although many show substantial gains in valuations.

While the indication of paper money collecting is not comparable with coins, the rule seems to be an advance in prices of about 10%. Differing from coins, the prices of notes in circulated conditions show greater per centage increases than the choice ones.

For any collector interested in Canadian numismatics, even if only mildly, the Charlton catalog is a must. The new edition is essential to those who want the current picture. It is available at most coin dealers and book stores. Light blue in color, it is the counterpart of the familiar "Red Book" of United States coins. — GLENN S.

## Money Production Gains

On September 8 the Treasury department released two statements regarding coinage. Production at the two mints during August was 590 million pieces, representing an increase of 132 million pieces over July production. This brought the annual production rate to 7 billion coins, as compared to 4.3 billion in 1964 fiscal year. By June 30, 1965, it predicts an annual production rate of 9 billion coins.

The second statement is that the Treasury will continue the 1964 date on coins produced in 1965 "to discourage hoarding by those who buy coins by the roll and by the bag and hold them out of circulation in hope of higher numismatic values." It adds that the total number of coins to be produced with 1964 dates will be at least 10 billion pieces, "far too numerous to become future collectors' items."

In other Treasury department reports, it is shown that July was the sixth consecutive month in which substantial increases were made in the amount of subsidiary silver and minor coins in circulation, the gain during the six months ending July 31 being nearly 174 million dollars. The same reports indicate nearly 300 million of the new Federal Reserve notes were in circulation at July 31, and that there has been a reduction of about 12% in the value of silver certificates in circulation since the new \$1 F.R. notes were released in November of 1963.

## SILVER DOLLARS TO BE MINTED

President Lyndon B. Johnson on August 3, 1964, signed legislation providing for the first striking of silver dollars since 1935. Final details of manufacture await action on legislation now being considered which will permit use of the 1964 date for the duration of the coin emergency.

Present plans call for the minting of 45 million new cartwheels at the Denver mint, with shipment direct to the federal reserve banks in the western region of the country where this denomination is a time-honored medium of exchange.

It has not yet been determined when the mint will start the manufacture of these new coins. Rather than making some with the 1964 date and the balance with the 1965 date, the mint is waiting for congressional action on legislation to continue the 1964 date into the new year. If this legislation is not passed, the dollars will be minted beginning in January with the 1965 date, and none will be made in 1964.

The mint cannot sell these dollars to anyone, nor can the mint arrange for persons to receive them. Distribution will be made from commercial banks only.

For this historic occasion the current peace design will be continued. First issued by the United States Mint in 1921, it commemorates the declaration of peace between the United States, Germany and Austria, exchanges of peace treaty ratifications having been made in Berlin on November 11, 1921, and in Vienna on November 8, 1921, and peace having been proclaimed by the President of the United States on November 14 and 17, 1921, respectively. The last coinage took place in 1935, there having been no need for additional stocks of this denomination until the present.

The design, selected by the Commission of Fine Arts from models submitted by nine prominent sculptors, is the work of Anthony de Francisci. A female head emblematic of Liberty, and wearing a tiara of light rays, appears on the obverse, together with the word LIBERTY, the motto IN GOD WE TRUST, and the date. The artist's initials, AF, in stylized form, are below the neck and above the last date figure.

On the other side is an eagle perched on a mountain top, witnessing the dawn of a new day, and holding in its talons an olive branch; the word PEACE; the denomination — ONE DOLLAR; E PLURIBUS UNUM, and the words UNITED STATES OF AMERICA.

A small D, the identification of the Denver mint, also appears on the reverse beneath the word ONE and near the eagle's wing. There will be no Philadelphia coinage.

All available equipment is being utilized in the program now under way to relieve the coin shortage. When the filling of 1964 orders is completed at the mint in Philadelphia in December, proof coin production will be suspended and the presses used in the manufacture of coins for regular use. Present plans do not include resumption of proof coin production in 1965. The new silver dollars will not be made in proof condition. Although no decision has yet been made as to whether the mint will offer uncirculated sets of coin in 1965, if such sets are made they will not include the new silver dollar.

## PROOF COIN SETS

### SYSTEM USED BY THE MINT IN FILLING ORDERS

To assure an orderly and impartial method of distribution, all of our orders for 1964 proof coin sets have been processed and scheduled for delivery in the sequence in which they were delivered by the post office, regardless of the quantity involved. This is the procedure followed for many years, and the mint cannot undertake to revise it now because of the volume of clerical and accounting work which would be involved.

### DOES THE MINT PLAY FAVORITES IN FILLING ORDERS?

The answer is "No." The mint has no way of determining whether persons submitting orders are dealers or individual collectors.

WHEN DID THE MINT FIRST CUT OFF ORDERS FOR PROOF COIN SETS? AND WHY?

Following procedures of past years, starting on November 1, 1963, one could submit his order for proof sets. The limitation was 100 sets per order. By January 10, 1964, it became apparent that the volume of orders already on hand exceeded the mint's capacity to produce and for that reason there was a cut off. The mint's facilities are such that approximately 4 million sets represents its maximum annual capacity. Many orders received prior to January 10, therefore, had to be rejected.

WHAT HAPPENED AFTER THE FIRST CUT OFF?

Many small collectors petitioned the mint. They urged that the mint take action to reduce the large orders so that they could get the one or two sets they usually bought each year from the mint. The mint recognized that it was in the public interest that this be done, and therefore orders were reduced to 75 sets. This action released 384,737 sets. On February 18, 1964 the mint reopened proof coin orders, each order being limited to two sets only.

WHY WAS A SECOND CUT OFF NECESSARY?

Following the above action, orders poured into the Philadelphia mint at the highest rate in history. In fact, the mail was so heavy the post office resorted to the use of tractor trailers to deliver it to the mint. These new orders far exceeded the additional sets available and it was necessary, again, to discontinue acceptance of proof coin orders. This was announced to the press on March 10, 1964. Many of the applications received prior to March 10 had to be rejected and the remittances returned to the senders.

WILL PROOF COINS BE MADE IN 1965?

The answer is "No." Because of the serious shortage of coin for the exchange needs of the country, proof coin operations will be suspended in December, 1964, when current orders have been filled. Those proof coin presses that are suitable will be converted to run at faster speeds and will be used for the production of coins for general circulation usage. By next June, the Treasury's "crash" program, which includes acquisition of additional presses as well as conversion of proof coin presses, will boost coin production to an annual rate of over 9 billion coins—more than double the 4.3 level for fiscal year 1964.

## PNG Gets a New Look

The Professional Numismatists Guild's board of directors meeting in Cleveland, Ohio, scene of the 1964 American Numismatic Association convention, formulated a program for the coming year which promises considerable activity and numerous benefits for collectors and dealers alike.

We of PNG have a feeling of accomplishment, yet at the same time one of frustration. Our efforts have been and continue to be towards the enjoyment of the hobby and the satisfaction of the collector. Try as we might, there have been points of disagreement and irritation. Obviously, we must have slipped at one point or another.

At the Cleveland convention we were busy "fixing fences." A system of selecting bourse dealers has been worked out by the A.N.A. for its conventions, and PNG heartily endorses it. The new system will be in effect at the 1965 convention in Houston, Texas, according to Don Sherer and George Todd, A.N.A. officials. Merit will be the measuring rod, and PNG, if it really lives up to the stature for which it strives, cannot but be the beneficiary of such a program.

The block booking program which was instituted years ago came about because it was of mutual benefit to the A.N.A. and to the PNG. Now such a program benefits neither. The A.N.A. no longer wants it and the PNG is no longer served adequately by the number of tables allocated to it.

Sectional conventions desiring PNG block booking will continue to get the benefits of such a program if the PNG membership is served adequately. In this connection, the PNG differences with its old friend the Central States Numismatic Society have been resolved, and the 1965 Chicago convention of that great Society will block book the PNG bourse dealers. The Florida

United Numismatists (FUN) show management has also agreed to block booking the PNG members for its 1965 show in Miami.

As a matter of policy, PNG makes it known that any convention which wishes to block book its members and will guarantee an adequate number of bourse tables is invited to make such a proposal. On the other hand, any convention which has consistently block booked the PNG and would prefer not to continue such a program need only inform us well in advance. Such a convention group will be encouraged to adopt the new A.N.A. standard for the selection of bourse dealers and, if agreeable, block booking arrangements will be dropped. The PNG will, however, consider it a most unfriendly act if, after agreeing to block booking with PNG, the management of a convention makes a unilateral change violating such an agreement. It is our sincere hope that no such occasion will ever arise.

Our attention during the 1964-65 year will be focused on various projects. We are working on the establishment of an accredited course in numismatics at Roosevelt University in Chicago, to be supported by PNG. Art Kagin has made much progress in this matter and is optimistic for success.

Our authentication program, on which member Richard Picker has been expending much time and effort, is making progress. If he is successful, it will be a boon to collectors in this day of extensive falsification of coins.

Support of the A.N.A. home and headquarters program will be strong and active. Charles Johnson, A.N.A. head of this committee, has appointed me as Chairman of the PNG drive with Leo Young, vice president of PNG, as co-chairman. Dan Brown, PNG director in charge of public relations, will solicit other dealers on behalf of the A.N.A. program.

Investigation of insurance contracts will be made in view of the number of robberies directed at coin collectors and dealers. The aim is to see to it that insurance contracts be spread among many companies so that cancellations will not leave numismatists uninsured.

PNG is also planning its first annual convention show to be held in Chicago in 1965. Ben Dreiske, secretary of PNG, will head this committee. Plans include an appraisal service, an educational program, display and bourse areas and other features. An advertising program is already being designed. Future PNG shows are being considered, and Leo Young and Ken Nichols are working on a west coast location while Lester Merkin and Cathy Bullowa, both directors of PNG, are making a survey for the east coast.

Finally, PNG wants the collecting fraternity to know that it recognizes certain weaknesses in collector-dealer relationship, yes, even within its own ranks. This seems to be inevitable. However, under a program directed for many years by Sol Kaplan, retiring executive vice president, PNG has a record of 100% satisfaction in every instance in which a collector's complaint has been registered with us. If any person has cause for complaint as a result of a transaction with any PNG member, we strongly urge him to write to our secretary. The matter will receive proper attention and action. I pledge you this: we are interested in elimination of any weak links in our chain. Help us do this, and we'll help you get satisfaction. It's an old chestnut but an apt one — if you like our service, tell your friends; if you don't like our service, tell us.

Years ago, when I founded PNG, I worked at it until I found a work horse to take over. Circumstances seem such that I am again called to head this group. My directors are fine people and have pledged their full coöperation and support. We have every reason to believe that the coming year will be one of fruition of our ambitions. We hope we can serve the collector, the numismatic clubs and organizations, and our fellow dealers in and out of PNG to their complete satisfaction. — A. KOSOFF, PNG President

**FRANCE** — The French government will issue a new 10 franc coin next January and has proposed a new half franc piece. The 10 franc coin is modeled after one designed in the late 18th century. The engraving served for coins of the same value through the 2nd and 3rd republics and became a symbol of stability. The proposed half franc would end confusion between the existing half franc (50 centime) and the 20 centime coins. The current 20 centime and 50 centime pieces are of the same design, have the same yellow color and are almost the same size. — *Perera News*, Director Pierre Dehaye of the Paris mint, and Alan Kirios.

## WHAT OTHERS PUBLISH

*Australian Numismatic Journal*, Vol. 15, No. 2 (1964) carries a most interesting story of the Vereenigde Oost-Indische Compagnie, the Netherlands East-Indian Company which issued the V.O.C. coins from 1726 to 1809. This was a powerful company, with most unusual rights, formed to carry on trade by sea in the Indian Ocean. Its "boundaries were the Cape of Good Hope and the Straits of Maghelhaens, all in all certainly a respectable area of activity." Among its rights were legalized privateering, which helped to boost the company's profits. The article ends with a rather brief summary of the V.O.C. coinage.

*Appraising and Selling Your Coins* (The Green Book), 176 pp., hard cover, Coin and Currency Institute, 393 7th Ave., New York, N. Y. 10001, \$1.95. Coins illustrated by type, valuations revised. Lists average prices dealers pay for U. S. coins since 1652, Canadian coins, U. S. paper money, Confederate notes, rolls of uncirculated coins since 1934.

*A Bibliography of Ceylon Coins and Currency: Ancient, Mediaeval and Modern* by H. A. I. Goonetilleke, asst. librarian, University of Ceylon, Peradeniya, Ceylon, 55 pp., reprinted from *The Ceylon Journal of Historical and Social Studies*, VI, No. 2, July-December, 1963. Listings are grouped in 6 major categories: general, ancient and medieval Ceylon; Portuguese period; Dutch period; British coins, currency and tokens; miscellaneous. An appendix lists coins of India references. Author's index. Although not exhaustive, it is a carefully prepared work, denoting a studious approach to the subject. Recommended to anyone doing research in the field.

*Coin Preservation Handbook* by Charles Frank, Coingard Industries, illus., 135 pp. 1964, hard cover. A technical book that apparently covers the subject in an adequate and correct manner. Grouped into coinage metals, coin deterioration factors, coin preservation, coin cleaning. If you must clean your coins, consult this book first.

*The Coinage of the Mamlūk Sultans of Egypt and Syria* by Paul Balog, Numismatic Studies No. 12, 444 pp., 44 pls., paper cover, The American Numismatic Society, Broadway between 155th and 156th Sts., New York, N. Y.

10032, \$35. Although Lane-Poole's British museum catalog and Lavoix's catalog of the coins in the Cabinet des Médailles contain large numbers of Mamlūk coins and there is extensive widely scattered periodical literature on the subject, no comprehensive monograph has ever been devoted to this important coinage. After more than 10 years of continuous research Dr. Paul Balog has produced a definitive study of the coinage of the Bahri and Burji Mamlūk Sultans who ruled over Egypt and Syria from A. D. 1250 to 1516. The corpus of nearly 1,000 different issues contains not only all hitherto published material but also a great number of unpublished coins in public and private collections. Included are all the specimens in the collection of the American Numismatic Society. Descriptions are supplemented by line drawings and 44 colotype plates. An introduction of 66 pages includes a concise summary of Mamlūk history, a general survey of the coinage, notes on metrology, the mints and minting technique, an important section on Mamlūk heraldry illustrated by drawings, and a large bibliography. The comprehensive indices of mints, dates and inscriptions will be of great service to the collector in identifying his coins. — ELSTON G. BRADFIELD

## CLUB NEWS

The **Western Pennsylvania Numismatic Society**, A.N.A. LM 39, was honored once again when the announcement was made of Heath Literary Award recipients in *The Numismatist* in August. Two of our members, Jack F. Burns and Raymond A. Byrne, received recognition for their contributions to numismatic research during 1963, each being awarded one of the three coveted bronze medals conferred each year by the **American Numismatic Association**. Burns received his award for a paper titled "Monongah, W. Va., Tokens and Scrip," which was published in the October, 1963 issue of *The Numismatist*. He is a specialist in the fields of exonomia and Latin America, and has written numerous original articles in these areas of numismatics. One of his most exhaustive studies was titled "Media of Exchange Used in State and Federal Penitentiaries," and published in the December 1960 *Annals of Carnegie Museum*. Ray Byrne's award was for "The Legend of Rincon," a research into the Rincon family who were the first mintmasters of the Western Hemisphere. It was published in the May, 1963 issue of *The Numismatist*. A specialist in pre-1825 Spanish American coinage Byrne's most recent work was a complete coverage of the Sommer Islands coinage which appeared in *World Coins* in the February and March, 1964 issues. Byrne is presently serving his second term as president of WPNS, while Burns is in his third term as its curator. Both are warmly congratulated by the members of the Society for their most recent laurels.

The Society, which meets regularly in the Carnegie Museum in Pittsburgh, is proud of its heritage and purpose as stated in its Constitution of 1879. Collectors seriously interested in the science of numismatics are invited to contact the secretary at P. O. Box 68, Dravosburg, Pa. 15034 regarding the Society. Attendance at its meetings is by invitation only, and no auctions, bourse or other form of commercial activity are permitted. Members must be prepared to present original papers when called upon and to exhibit numismatic material at each meeting. — JOHN L. KNABEN-SCHUH, Sec.

The **Mississippi Coast Coin Club**, A.N.A. 37288, will hold a show on October 24 on the Mall of the Edgewater Gulf Shopping City, located midway between Biloxi and Gulfport. The Mall has most modern facilities, and uniformed guards will be on duty from 10 a.m. to 10 p.m. Early planning includes about 25 exhibits and 10 bourse tables, all dealers to be from the area. We will welcome all visitors who are in the vicinity on October 24. — W. A. ANDREWS, Pres.

At the July meeting, Milton Doctor accepted the duties of president of the **Glendale (Calif.) Coin Club**. Other officers installed by A. E. Nicholson were Vice Presidents Ralph Kloepper and Roy Cravey, Secretary Georgette Cravey, Asst. Secretary Lee Kling, Treasurer Carol Booth, and Asst. Treasurer Clay Read. Former President G. H. Thompson then passed the gavel over to Doctor, along with gifts of appreciation to all outgoing officers. We welcome persons interested

in numismatics to our monthly meetings the third Monday evening at the Tuesday Afternoon Club. — LEE KLING, Corr. Sec.

The show is over, and committeemen term it a major success. Held in the MarMonte Hotel in Santa Barbara, the sixth **Santa Barbara Coin Club** Coinarama attracted a record-breaking crowd of 2,678 on June 27 and 28. Registration Chairman Otto Christensen advises that he ran out of badges and ribbons early Sunday afternoon and had to use make-shift badges the rest of the day. Over fifty dealers from all parts of the West attended the show, and Bourse Chairman Don Jurgensen reports that with few exceptions they were very happy with the unexpectedly large attendance and left wanting to reserve space for the next show. General Chairman Ray Bower reports that the exhibits were outstanding, with 20 entries totalling 37 cases in seven of the eight categories plus several non-competitive displays. The latter included a beautiful set of all U.S. 1909 coins; proof U.S. gold; the J. V. McDermott 1913 liberty head nickel; and the Wm. Ulrich 1854-C gold dollar. The exhibits were judged Saturday morning by M. Pearl Johnson, Bob Johnson and Maurice Jensen, with winners as follows: U.S. coins — Bonnie Capron, 1st, and Gene Capron, 2nd; paper money — Herbert Seidler; foreign coins — Gwen Sentis, 1st, Walter Libbey, 2nd and 3rd; Canadian coins — Gwen Sentis; Mexican coins — Robert L. Barber; Medals — Clay Read; specialized and odd & curious — Edith Filiatreau, R. B. Carter, and Frank O'Sullivan. Canadian "Wampum to Wealth" by Gwen Sentis was judged best in show. A variety of numismatic prizes were given during the two days, the main one being a Saint Gaudens \$20 gold coin. — GWEN SENTIS, Editor *Numisma*

With over a hundred present, the **Interstate Coin Club** of Hagerstown, Md., held its annual picnic in Hager Park on July 15. Refreshments were free to members and their families, and a very enjoyable evening for all was the outcome of planning by Mrs. Mabel Bloom, Miss Dorothy Harsh and Roland Stoddard. — JOHN H. CROUT, Pres.

The **Montreal Numismatic Society**, A.N.A. 23565, held its tenth annual banquet and exhibit on June 6 at the Queen Elizabeth Hotel with fifty-six members and two honored guests in attendance. It was a pleasure to have well-known dealer J. E. Charlton and Miss O'Dowd, Assistant Curator of the Chateau De Ramsey Museum. Mrs. R. Verity acted as convener and hostess, ably assisted by Miss Joan Green, secretary, and Mrs. S. Rychel. Exhibit Chairman Stan Rychel was pleased with that department, in which Mrs. D. B. Muir won the Walter Macklin Trophy and first place with her British coronation medals of 1603-1953. Other exhibitors were: Robert Verity, second, John Newman, third, Barry Uman, R. Berube and H. Podbere. President James Flannahan spoke about the Society's growth and its tenth anniversary, and Acting Chairman Robert Verity awarded the Lieutenant Governor Paul Comtois medal in silver to Louis Goldsmith, and, in bronze, to Israel Thaw for dedicated and helpful service to the

Society. J. E. Charlton discussed "A Century of Canadian Numismatics," including a history of Canadian coin clubs, famous early numismatists and their collections, and the prices of Canadian coins since the last century. Of special interest were his own experiences in collecting and how he started his own business. He touched on the beginning of Canadian publications and his *Standard Catalogue*, and urged collectors to take more interest in the study of numismatics. His talk was greatly appreciated. — BARRY UMAN, Editor

At the July meeting of **Silver Sands Coin Club**, Panama City, Fla., the following 1964-65 officers were elected: President Millard Sniffin, Vice President Jack Jarrett, Secretary Billy Walker, and Treasurer Pete Harless. President Sniffin appointed Russell Montgomery chairman of our National Coin Week activities, Pete Harless chairman of our coin show, and Curtis Bane to handle publicity. The 1965 show is scheduled for March, with details to be announced soon. The Club's monthly meetings are held the third Thursday at the Trade Winds Cafe in downtown Panama City. — CURTIS BANE

The impressions of an Australian collector living in the United States were described at the July 7 meeting of **Western Pennsylvania Numismatic Society** at the Carnegie Museum in Pittsburgh. Eleven members and two invited guests were in attendance. John Knabenschuh read an article from the *Journal of the Australian Numismatic Society* in which S. Levine of the Society gave his impressions of coin collecting while living temporarily in this country. Accustomed to more sober methods, he commented on our present merchandising, dealer manipulation, and advertising ballyhoo. This article is highly recommended for reading by all collectors who are concerned with the future status of their hobby. Fine and varied exhibits were provided by Ray Byrne, Richard Foley, John Knabenschuh, Nelson, Porter and Dr. Sloss. — JOHN L. KNABENSCHUH, Sec.

The **Glen-Brook Coin Club** will hold its first show on November 21-22 at the Moose Hall, two miles south of Glen Burnie, Md. Located 10 miles south of Baltimore and 23 miles northeast of Washington, D.C., the show is expected to draw a good crowd both days. Bourse Chairmen Nick Bellesky and Joe Pavlick, 212 Baltimore-Annapolis Blvd., Glen Burnie, Md., report that tables will be awarded to reputable licensed dealers only. Show Chairman Nick Bellesky expects that many exhibits will feature money used in Maryland over the past two hundred years. — THOMAS P. WARFIELD

With 114 members and 13 visitors in attendance, three new members were accepted at the July 21 meeting of **Torrance (Calif.) Coin Club** in the Recreation Hall at 3341 Torrance Blvd. Richard Goodson spoke on the coin show to be held in Hawthorne in November. There will be a bourse of 80 dealers and many displays. A medallion which our President Foster Hall helped to design will be presented to the first 5,000 visitors. Nellie Kuska, owner and operator of a museum in Lomita, was the speaker of the evening. Assisted by Minerva Axelrod, she augmented her talk

with an extensive display of fine coin glass, which was made in 1892 by the Corning Glass Co. After five months of manufacturing, the government suspended it and confiscated the stock because the coin impressions were illegal. Exhibits by members were made by Bob Axelrod, Mel Kohl, Wayne Dennis, Minerva Axelrod and Gerald McKenzie. Our meetings are held the third Tuesday evening monthly in the Recreation Hall, with visitors always welcomed. — LILA M. BARRETT, Corr. Sec.

The **East Side Coin Club** will hold its annual fall show at the R.C.A. Union Hall, 3518 E. Michigan St., Indianapolis. The beautiful large hall is well lighted, has ample space for exhibits and parking space for several thousand cars. This November 15 show will be open from 7 a.m. to 7 p.m., with a bourse and exhibits, for which awards and ribbons are offered in eight categories. Thirty-three dealers enjoyed a brisk business at the last fall show. Dealers should write to Bourse Chairman William Smith, 918 N. Mitchner St., Indianapolis, Ind., for tables at only \$7.50 each. Anyone interested in making an exhibit should contact General Chairman Arthur Boggs, 2506 E. 13th St., Indianapolis.

The **Gold Coast Coin Club**, A.N.A. 45338, has announced its fourth annual show to be held November 6-8 at the Biscayne Terrace Hotel in Miami. Located at 340 Biscayne Blvd., the hotel offers excellent air conditioned accommodations for the bourse and exhibits, as well as numerous conveniences for visitors. Space is available for fifty bourse tables, six feet long, at \$35 per table. Deposit should be sent with application to Bourse Chairman John Halberstadt, P.O. Box 205, Hollywood, Fla. Door prizes will be given hourly during show hours, 10 a.m. to 10 p.m. daily, and security will be maintained throughout the show for bourse dealers and the competitive exhibits. Those wishing to enter an exhibit should contact Chairman Joe McDannel at the above address. At the July meeting we were treated to a showing of A.N.A. slides on "U.S. Paper Money, 1861 to 1923," illustrated by \$10 notes. The slides and narration illustrate the evolution of our paper money from its beginning to the inception of the current small size notes. It is an interesting presentation, even to those whose paper money collecting is limited to gathering enough to pay the butcher, the baker and the candlestick maker! The Club continues to grow and hold meetings the second and fourth Tuesday evenings monthly in the club rooms at the Imperial Bowling Lanes in Dania, Fla. — DOROTHY HUGHES, Reporter

All bourse tables have been sold for the October 4 annual fall show of the **Pontiac Coin Club**, to be held at the Elks Temple in Pontiac, Mich. Exhibit Chairman is Clarence Cue, 2912 Buick Ave. in Pontiac. — DON BRADFORD, Sec.

Since the organization of the **Washington Numismatic Society** in 1927, it has had many distinguished and interesting presidents, and the program of the August meeting honored these gentlemen. Of the eighteen living, eleven were present at the meeting and made short talks. Ed Weikert Jr. (1936-37) started collecting at the age of six, when he found some coins on the Gettys-

burg battlefield, and has never lost interest or missed a meeting when he was in the area. Thomas Chapman (1938) started by saving quarters and commemoratives; his interest waned but he has returned and is now interested

in gold. George Vanderwende (1941) finds the history of numismatics a fascinating subject. Eldridge G. Jones (1947) is not an ardent collector but finds working in numismatic organizations his hobby; he is treasurer of the Society and A.N.A. and secretary of MANA. E. Ward Russell (1952-53) is interested particularly in Civil War tokens and coins. Charles Peters (1955) started as a stamp collector, then began collecting coins from the change in his mother's store. F. C. Schneider (1957-58) has been an ardent collector since 1929, specializing in coins of various countries with Mexico his current pursuit. James Shipley (1960) became interested in Spanish-American coinage after reading a book about coins used on the Chesapeake and Ohio Canal. Howard Rosenberg (1961) collects paper money—odd paper, he says, that no one else wants. Herb Price (1962) is our British Colonies collector who became interested in the Pacific area after completing the Philippines. G. H. Sandy (1963) claims to be a novice, interested

in coins of the United States and Canada. Captain G. Keating, our current president, credits his start in collecting to getting some Indian head cents in change; he now has an attractive col-

lection of coins and medals depicting ships. Regretfully, past presidents O. H. Dodson, Mendell Peterson, Val Matellis, Neil Shaffer, Donald Jameson, M. S. Newton and Kip Ross could not attend this meeting, although most of them have remained active in the numismatic field. Ed Weikert brought a large picture of the 1937 A.N.A. convention group, taken on the steps of the Treasury building, for us to see. Styles may change but not the interest of so many of that group. We heard some interesting little stories from a distinguished guest, Mr. Hibbs, who was in the Bureau of Engraving and Printing 43 years. All in all, it was an unusual and stimulating meeting. — MAE L. CLARKE, Sec.

At the July 29 meeting of International Numismatic Society of San Diego, A.N.A. 50412, Charles Nissen installed the new officers in an impressive ceremony: President Harvey Rose, Vice President Richard Martin, Corresponding Secretary James Imlay, Recording Secretary Jean Busch, Treasurer Aage Anderson, and new Governor James Center. A gavel was presented to President Rose, and plaques of appreciation to Past Presidents John Gardner and Scott Clem. It was noted that membership has now passed the 260 mark. James Noel, Jr., who is living in Spain currently, gave an interesting and informative talk on Spanish numismatics. Guests and visitors are cordially welcomed to our meetings the last Wednesday evening monthly at the College Grove Shopping Center in San Diego. — JEAN BUSCH, Rec. Sec.

About 125 members and guests attended the July 19 meeting of Atlantic City Coin Club and saw Sam Burgdorf, our founder and first president, honored by the City of Atlantic City, the Club, and members of other New Jersey and Pennsylvania clubs. William H. McMahon from the Mayor's office presented a plaque and State of New Jersey medal to Sam, who received a lifetime membership card in this Club also. Burgdorf treated us to a display and narration on colonial paper money and fractional currency, which included types of early U.S. colonial notes as well as both sides of all types of U.S. fractional notes. Theodore Korywaruka displayed early types and varieties of U.S. half dollars. Jerome Bagenko gave attractive colored newspapers from the national convention to all present. William Grichen, a past president of many Philadelphia area coin clubs, was our auctioneer. This Club emphasizes the educational aspect of coin collecting with guest speakers and exhibits as parts of all meetings. Visitors are welcomed to meetings the third Sunday afternoon monthly at the Ritz Sinton Hotel, and will furnish information about the Club and membership application forms to those who write to William Scull, 6210 Winchester Ave., Ventnor, N. J. — JIM MCNEILL, Pres.

At its August 3 meeting, the Memphis Coin Club, A.N.A. 5539, announced its fourth annual show to be held on Thanksgiving weekend, November 27-29, in Hotel Peabody in downtown Memphis, Tenn. Zan Cratch was appointed general chairman and named his committees. Based on last year's attendance of over 3,350, it is expected that there will be at least 4,000 visitors this year.

Space is available for 45 bourse tables, and among the outstanding displays expected are the R. L. Sullivan collection of quarters, reputed to be the finest in the country, and the most complete collection of mint errors known, belonging to P. B. Trotter. Further information may be obtained from Zan Cratch, 202 S. Cleveland St., Memphis, Tenn. 38104. — JAMES L. HARRISON

**The Liberty Coin Club of Corpus Christi**, A.N.A. 45363, announces that its third annual show will be held October 24-25 in the Memorial Coliseum. General chairman is E. J. Kane, exhibit chairman is Bob Bridges, and bourse chairman is Ralph Watters. Anyone desiring information about the show may contact either of these men by writing to the Club, P.O. Box 7001, Corpus Christi, Texas.

October 17 has been set as the date for the annual show of the **Oswego County Numismatic Association**, A.N.A. 25623. There will be a bourse and exhibits, and a dinner will precede the evening auction; all to be held in the Fulton (N.Y.) Chamber of Commerce. Bourse Chairman Quentin MacDougall may be contacted at P.O. Box 1300, Wolcott, N.Y. — MARION G. BEARDSLEY, Sec.

Sixty members and guests attended the 114th meeting of **Bergen County (N.J.) Coin Club**, and many first learned of the death of Honorary Member William H. Dillistin. His memory was observed with a minute of silence, and Bill Anton, his long time personal friend, stated that he would donate mementos and articles of the late member to our library. Members and guests were given the final booklet "Directory of New Jersey Banks," compiled by Mr. Dillistin, and copies of foreign exchange quotations and an article by Jack Neuslein on "The American Seal." President Faller appointed Kenn Henderson to a new committee which is charged with keeping the Club up to date on new numismatic information. Henderson is donating to our library a copy of *Nickel for Coinage*, a numismatically valuable and most beautiful book. A discussion was held regarding exhibits—whether they should conform to a subject or topic, or vary with the choice of individual exhibitors. A note of good wishes was sent to member Aaron Feldman who has left the hospital and is improving from a recent illness. Our treasurer, Everett Labagh, held the attention of everyone with his display of paper money, explaining serial numbers, district numbers, printing and other pertinent facts. Doug Weissbach exhibited a wine glass in which was embedded a token commemorating the coronation of King Edward VIII—a coronation which never took place because of the King's abdication to marry an American divorcee. — HELEN L. SCHRADER, Rec. Sec.

Just a reminder to those in lower Ontario (Canada) and western New York: the **Toronto Coin Club**, A.N.A. 21085, will hold its annual Fall Rally on October 17 at the Royal York Hotel in Toronto. It will include a bourse of 35 Canadian and U.S. dealers; displays of coins, medals, tokens and paper money; an auction by J. E. Charlton; an audio-visual education program; and semi-annual meetings of the **Ontario**

**Numismatic Association** and the **Canadian Society of Medallic Arts**. It will be a busy numismatic day from the opening at 2 p.m. to closing at 11 p.m. Open to the public, the admission charge will be only 50¢.

A.N.A. President P. K. Anderson honored the **Oklahoma City Coin Club**, A.N.A. 7118, with a most informative program on collecting trade tokens at the July 28 meeting. Exemplified by exhibits, he classified trade tokens into four groups for collecting purposes. Outstanding among the sixteen exhibits shown and described by members was Dr. John F. Lhotka's two excessively rare Byzantine gold coins. One was a tremissis (third of a solidus) of Leo 2nd, with his father Zeno; the other being the same coin of Theodosius 3rd. He exhibited also a copy of the gold import permit. — ARVIE SILVA, Sec.

The fourth quarterly meeting of **Arkansas Numismatic Society**, A.N.A. 16300, will be held October 31-November 1. The location will be the Barton H 1 Cafetarium in El Dorado, with the **El Dorado Coin Club** as host. Bourse chairman is Henry Craig, 918 Kenwood, El Dorado, Ark. — HAZEL LINDSTROM, Sec.

The August meeting of the **Southern Hub Coin Club** featured a very unusual program which, although not numismatic, was enjoyed by all present. Program Chairman Foster Hall's wife, Ann, narrated and showed color slides of their recent vacation trip to the East Coast, the New York world's fair and Canada. Foster reported on the last **Numismatic Association of Southern California** board meeting, stating that a money museum is being formed and that donations will be appreciated. The next NASC convention will be held Feb. 24-27 in the Statler-Hilton Hotel in Los Angeles. B. B. Crow won the first place award with his exhibit of foreign coins, other exhibitors being Bob and Minerva Axelrod, Virginia Dennis, Joe Goodyear, Mel Kohl and John Paradowski. Our meetings are held the second Sunday afternoon monthly at the Lennox Women Hall, 3341 Lennox Blvd. in Lennox, Calif. — MRS. M. W. DENNIS, Publ. Chm.

The **Oswego County Numismatic Association**, A.N.A. 25623, held its first meeting of the month on Sept. 1 at the Fulton (N.Y.) Chamber of Commerce. Progress was reported on the Club's second annual show to be held at the Chamber of Commerce on October 17. There are two excellent motels in Fulton to accommodate out of town guests, and one of them is only a few steps from the show site. Many fine exhibits are expected to compete for awards to be presented to the winners. Collectors who have not reserved space should contact Roland Chesbro, Forest Ave., Fulton, N.Y. immediately. Reservations for bourse space are being made with Quentin MacDougall, P.O. Box 1300, Wolcott, N.Y. James Walser of Albany will be the auctioneer, and the evening banquet speaker will be a well-known numismatist. — MRS. MARION G. BEARDSLEY, Sec.

The **Lafayette (Ind.) Numismatic Society** will hold its annual show on October 10-11 at Central Catholic High School. Ample parking space is available and admission will be free to the bourse and exhibits. The bourse space

is sold out but some is available for competitive exhibits which may be reserved by contacting Chm. S. Goldman, Box 851, Lafayette, Ind. The Society is making plans for the 1965 **Indiana State Numismatic Association** convention for which it will be host. — C. F. BRYAN, Publ. Chm.

Based on a most successful show last year, which saw some 3,600 visitors in the Holiday Inn, we anticipate an even better Greater Aurora coin show October 10-11 in the larger quarters at Marmion Military Academy this year. Located 2 miles east of North Aurora on Illinois route 55, the Academy has nearly unlimited parking space and excellent facilities for the show which is sponsored by the **Aurora Coin Club**, **Caterpillar Coin Club** and **Sandwich Coin Club**, all of the Aurora, Ill. area. While the exhibits last year were many and varied, we expect even greater competition for the awards this year. There will be three auction sessions with many good buys going to those bidders who have the greatest knowledge of the hobby. Most of last year's bourse dealers will be back, attesting

Last year's exhibit award winners at Aurora were, l. to r., Leo Olah, Frank Colton, Oliver Horton, Fred Catalano, David Krahn, James Lips, Gerda Birkholz, and A. R. Birkholz with Show Chairman Robert Varney.

to their satisfaction with results at the Aurora show. To collectors and numismatists of northern Illinois and lower Wisconsin we can say confidently "If you weren't with us last year, for numismatic's sake don't miss the Greater Aurora show this year." We try harder and grow better year by year. — HARLEN JOHNSON, Publ. Dir.

The **St. Petersburg Coin Club**, A.N.A. 20000, has changed its meeting place and headquarters to the V.F.W. Hall, 26th and Central, St. Petersburg, Fla. Meetings are still held the third Friday monthly, with doors open at 7 p.m. and the meetings starting at 8 p.m. Visitors are welcomed to all meetings, which are followed by an auction. We were sorry to accept the resignations of President Ed and Secretary Pat Harang, which were tendered because of business reasons. Their successors are President J. Marshall English and Secretary Barbara Nightingale. — MRS. B. NIGHTINGALE

President Robert F. Miller of the **Lawndale Coin Club** has announced plans for a full schedule of programs, exhibits and special shows for the remainder of 1964. Some of the outstanding events in which the Club and its members will participate are the North American Aviation hobby show Sept. 20, the California State convention at

the Disneyland Hotel in October, and the city-wide coin show in Hawthorne in November. A prominent member of our Club, Foster Hall, will be assisted by Wayne Dennis on the exhibit committee for the Hawthorne show, and several club members have registered to show their displays. Information about the Hawthorne show may be obtained from Foster Hall, P.O. Box 156, Hawthorne, Calif. Exhibit Chairman Mel Kohl has announced plans for the year-end "Exhibit Roundup" on Sunday, Nov. 22 in the Odd Fellows Hall. He promises some of the southland's best exhibits for the year's awards. Exhibit award winners during the year have been Mrs. Ann Hall, Robert Axelrod, B. B. Crow, Mrs. Norma Calkins, Mrs. Joy Parrish, Mrs. Minerva Axelrod, Bill Endman, Mrs. Lila Barrett and several others. All exhibitors will be competing for the gold coin awards. All interested collectors are invited to attend our meetings the third Sunday afternoon monthly in the Rebekah-Odd Fellows Hall in Hawthorne, Calif. Information about the Club may be obtained by writing to the officers at P.O. Box 32, Lawndale, Calif. — JOY PARRISH, Sec.

An eager public, culminating in a two-day attendance of some 3500 persons, awaited the opening of the doors to the 5th annual coin festival of the **Missouri Numismatic Society**, held August 15-16 in the spacious Gold Room of Hotel Sheraton-Jefferson, St. Louis. The 60 participating dealers (there was no block booking) expressed unanimous approval of the curtained 6 by 9 booths which provided 8½ ft. of display space. The visiting public was pleased to find an unprecedented variety of numismatic items offered, and the dealers reported most satisfactory sales throughout the entire show. Nine attractively displayed and varied noncompetitive exhibits early caught the public's fancy and interest. Hundreds viewed appreciatively MNS charter member Eric Newman's featured display containing one of the two known 1776 silver Continental dollars, and a 1794 dollar, representing the first issue of U.S. silver dollars. Of lesser monetary value, perhaps, but just as attractive and interesting were Scotchman Coin Shop's display of frosted proof sets; member Joe Smith's standing liberty quarters, complete set of mercury dimes (including the overdate) and various type sets; member Gus Pries' beautifully engraved Heraldic Art medals, including the St. Louis Bi-centennial issue; member Jerry Hillebrand's vertical display of foreign crowns and U.S. and other commemorative coins; the Roses of La Mesa's complete collection of Panama coinage, brought from California; charter member and Society Treasurer John Stevenson's displays of Alaskan and Philippine coins and medals, including a complete set of Alaskan bingles, and an Assay Commission display; MNS Secretary Bernice Stevenson's narrative and pictorial descriptive display of Mexican coins; and St. Louisian Mabel Telken's historic 4th January, 1800 issue of the Ulster County Gazette reporting the death of George Washington. Equally well patronized were the Saturday and Sunday auctions. Favors of combs and miniature telephone key rings and a variety of numismatic publications and literature, generously donated by various publishers and MNS member Joe Smith, were given to the guests as they registered. An informa-

tion and services booth, employing page boys, was operated for the convenience of dealers and guests. An ambitious publicity program, arranged by Publicity Chairman Chris Schlather, used 3 major St. Louis TV stations, several radio appearances, and numismatic and local news media effectively. A first-time feature was the release, on two occasions, of balloons containing gift tickets for redemption by contributing dealers at the show. Since the festival preceded the A.N.A. convention in Cleveland by only a few days, the Society adopted the slogan: "It's on the way to the A.N.A., so stop in St. Louis on the way." The St. Louis Bi-centennial Committee added interest by a display and sale of Bi-centennial items, including the official silver medal. MNS members, the participating dealers and the public proclaimed unanimously that the 5th annual coin festival was outstanding in every respect, and already plans are being made and dealer applications received for next year's show. The Society is proud to number and publicly recognize members capable and willing to devote the great number of hours, hard work, conscientious efforts and inventive talent to stage such a show successfully. The Society thanks those members, the dealers and the public, and especially Chairman Dave Cooper and Co-chairman Jim Berkel who contributed so very, very much to insure another successful MNS festival.

Of considerable interest to all present was the announcement that the **Missouri Numismatic Society** would extend, at the Cleveland convention, an invitation to the **American Numismatic Association** to stage its 1970 convention in St. Louis. In this endeavor, the Society has the unqualified assistance of the City's Mayor and civic groups, 23 coin clubs in and out of the State, each of its 300 members and the backing of a public petition signed by 700 citizens. We welcome this and all other support, and invite anyone who would like to see the 1970 A.N.A. convention in St. Louis to write to the Society at 19 Roclare Lane, St. Louis, Mo. 63131. — BERNICE STEVENSON, Sec.

At the **McKeesport Coin Collectors Club** meeting of August 12, held in the Penn McKee Hotel in McKeesport, Pa., it was announced that the spring coin show will be held the first Saturday and Sunday following Easter. Awards for exhibits of half and quarter dollars went to R. Rehula, G. Gamert, S. H. Holland and L. Chemsak.

The July 28 meeting of **Tucson Coin Club**, A.N.A. 26529, featured Junior exhibitors and the 75 members and guests attending were surprised and impressed at the results. Cirino Scavone was in charge and received congratulations on its success. Twenty-one junior members competed with exhibits in 6 classifications. Best of show went to Dennis Preger for his Confederate paper money exhibit, with second best going to George Howell, Jr. for a U. S. type set of coins. Other winners included James Garland, Don Zucarelli, Roy Kline, Mike Martin, Richard Trotter, Robert Temerantz, Rene Verdugo, Dan McCarthy and Don Laufenburger. Russel Baker, Louis Boschian and Edward Rauscher received honorable mention for their nice exhibits. Judges were Hal Birt, Jr., Oscar Fulton and Clarence Maguire. Plans are under-

way for organizing a junior club near the Pueblo High School, which will be the fourth junior coin club in Tucson. It is believed that these are the only clubs for juniors in the State of Arizona.

The **Manhattan Coin Club** will hold its annual show on October 10-11 at the Moshier Field House in Seattle, Wash. Open to the public without charge, the show will feature a bourse, auctions, displays and door prizes.

The infant but fast growing **Flushing Coin Club**, which came into being last Valentine's day and now boasts over 30 members, makes its first report on these pages. It has a planned schedule of slides, sound films, auctions, bourse and an open-house social night for families and friends. It has arranged to give a monthly award for the person who gives the best discussion on the topic of the evening or on his own collection. Despite minor difficulties with a meeting place, a permanent one has been found and all seems in order now. All collectors in the area are invited to attend a meeting the second Friday monthly at the Macedonia A.M.E. Church in Flushing, N. Y. We are trying to be a friendly club and hope to meet you soon. — CATHERINE E. KEGEL, Sec.

The **Big Spring Coin Club** held its August 13 meeting in the Elk's room of the Crawford Hotel with an attendance of 55. W. E. Wozencraft, District 3 Governor of Texas Numismatic Association, presented President Dan Kester with a certificate of charter membership in TNA. On display were Wozencraft's Tribute Penny, tetradrachm of Antioch and Lepton mite which won second place for him at the Abilene coin show. We are busy perfecting plans for our third annual show to be held in October. — REFA BARLOW, Sec.

The **Ozark Coin Club** is planning its first coin show to be held March 20-21 at the Kentwood Arms Hotel in Springfield, Mo. The chairman is Roy F. O'Neal, 2445 S. Roanoke St., Springfield, Mo., who may be contacted for further information or arrangements.

Five new members were accepted at the 29th meeting of **Steel City Coin Club**, which registered an attendance of 120. It was announced that the Club will sell sets of wooden coins in denominations of 1¢, 5¢, 10¢ and \$1 in plastic holders at its October 2-4 show in the Memorial Auditorium in Buffalo, N. Y. About 300 persons attended the annual picnic at Chestnut Ridge Park, where Chairman Andy Tutuska and George McCoy saw that corn, watermelon, hot dogs and drinks were served to members and their families. Mr. and Mrs. Walker supervised the younger set in games while their elders pitched horse shoes and enjoyed card games. — FRANK INCAVO, Corr. Sec.

Just short of a hundred persons were on hand for the August 10 meeting of **Ventura County Coin Club** where discussions of the September 27 coin-arama replaced the usual program. Trophies were on hand for the best displays, including a new award to be given this year to the best entry by a collector who has never won an award before in show competition. Wooden

nickels of 1964 will be given to those attending the show, and complete sets of 1961, 62, 63 and 64 will be available at 50¢ from the secretary, 6087 Fleeta, Ventura, Calif. — EVELYN NEWMAN, Sec.

The **Morris & Essex Coin Club**, A.N.A. 43953, meeting at the Grange Hall in Livingston, N.J., announced its incorporation in July. The Club is completing arrangements to repeat annually its successful show under the chairmanship of Jack Chamberlain. Ted Schwartz of Irvington, N.J. is in charge of bourse tables. — H. A. SILBERMAN, COIT. Sec.

At the August 20 meeting, the **Starved Rock Coin Club**, A.N.A. 44792, planned its fourth fall show and auction to be held Nov. 29 at Hotel Kaskaskia in LaSalle, Ill. Bourse Chairman Stanley Podowicz has bourse tables for reservation at \$6.50 for six-foot size and \$12 for twelve footers. He may be contacted at P. O. Box 42, Daizell, Ill. 61320. The show doors will open to dealers at 8 a.m. and to the public at 10 a.m., with free coffee and rolls available to dealers during the setup period. Food service during the day will be provided by the hotel. There will be a 130-lot auction in the afternoon. Admission to the show will be free, and there is plenty of parking space nearby. — JANET PODOWICZ

Eighteen members and twenty guests of **Western Pennsylvania Numismatic Society** met at the Hotel Webster Hall in Pittsburgh on August 4 for the annual social meeting of Society members and wives. Miss Trudy Cisneros, manager of the Steuben glass department of Kauffman's Store, showed a film that depicted the art and skill required to produce Steuben glass. This glassware is completely handmade and is known throughout the world for its excellence. Miss Cisneros further described the history of Steuben glass after the showing and answered questions on the subject. President Ray Byrne announced that the Society would be honored at the A.N.A. convention with a certificate designating it as a fifty-year member of the Association. The Society was founded in 1878 and is Life Member 39 of the A.N.A., being one of the oldest numismatic organizations in the country. Appropriate exhibits for the ladies at this meeting were arranged by Ray Byrne, Dick Foley and Dr. Robert Hudson. — JOHN L. KNABENSCHUH, Sec.

Seventy-five members of the **Forty-Niner Coin Club** attended the August 12 meeting in the Lynwood (Calif.) Recreation Center and enjoyed a "Dutch" auction conducted in a novel fashion by Marlin Lenhart and Wardie Jackson of the **Upland Coin Club**. Items were wrapped so that no one knew the contents of packages and bids were a nickel each. Several members went through the audience collecting nickels from the bidders designated by the auctioneer. When the bell of a pre-set timer rang, the last person to drop a nickel in the pot was the winner of the article. All packages contained numismatic items of varying values. While not a program of educational value, such as a speaker or slides, it was a diversion that seemed to please everyone. President Walter Snyder presented new current dimes of the Philadelphia

mint to the seven persons whose birthdays are in August. Mel Kohl won first place in exhibiting with his "Around the World" coins, while Robert Axelrod took second with a bronze plaque depicting the landing of Columbus in America. Minerva Axelrod displayed club badges and Bob had another case of fine material which he called "A Little Bit of Americana." — ANN M. HALL, Sec.

At the August 12 meeting of **Western Reserve Numismatic Club**, A.N.A. LM 32, forty members and fourteen guests enjoyed an enlightening talk by member Otto Budde, well known collector and student of Colonial paper money. He showed a large number of notes, covering all of the thirteen Colonies, and a Scott catalog of 1894. He reminded us that the main thoughts of the colonists were shelter, food, clothing and attacks by Indians; that there was very little paper available and printers and engravers were almost unknown. In spite of "Death to Counterfeiters" on notes, one counterfeiter produced 5 pound notes by transferring the design from a new note to white cloth with a hot iron and then, by the same process, to paper. B. Franklin printed many Delaware notes, and the \$500 Virginia note was printed on rice paper. Notes were cancelled by cutting the corners off or punching round holes in the center. — FRED N. HAHLEN, Sec.

The **Bergen County (N.J.) Coin Club**, A.N.A. 22867, was well represented at the recent A.N.A. convention in Cleveland. Thirteen of the seventy-eight active members were in attendance as visitors, exhibitors and bourse dealers. The Club is especially proud of members Raymond Gallo, who received his silver 25-year A.N.A. membership pin, and Edward Black, who received the third place award in Class 11 for his fine display of New Jersey numismatic material. — EVERETT L. LABAGH, Club Rep. (Editor's note: Class 11 included miscellaneous, specialized and other exhibits not covered by the other 11 categories. It had more entries than any of the others, making competition very tough).

The 296th meeting of **Oklahoma City Coin Club**, A.N.A. 7118, was held in the Emmanuel Synagogue on August 25 with 33 members and 3 guests present. Jake Sureck presented a very interesting program on U.S. paper money, covering the subject from Colonial days to the present. He showed a fine exhibit which included paper money of every period in our history. John Dunn, who was one of the four recipients of the A.N.A. Medal of Merit this year for outstanding work in the field of numismatics, gave a report on the recent Cleveland convention. Twenty members brought and explained their exhibits, the most outstanding being the Chinese Republic 1912 Li Yuan Hung memorial silver dollar, by John Dunn; the book *Gold and Silver Coins of the World* by A. M. Smith, 1886, by Jake Sureck; and a bronze medal of Charles E. Barber, by M. C. Sauer. We enjoyed the refreshments served by Mrs. Holmberg. — ARVIE SILVA, Sec.

Fifty bourse tables, many manned by big-name dealers of the U.S. and Canada, will be a feature of the 26th annual

show of the **Akron Coin Club, A.N.A. 7258**. Lengthened this year to three days, the event will take place Nov. 6-8 in the Akron (Ohio) Tower Motor Inn. Herb Baker will call the 200-lot auction on Sunday, and Del Shuler, noted maker of coin jewelry, will be on hand this year. The United States Coin Exchange will have a teletype machine set up in the auditorium so that visitors can see its operation. Attendance is expected to exceed the 2638 of two years ago and 3125 of last year. For further information about the show, address Dr. J. H. Litman or C. Wade Devore, Akron Coin Club, P. O. Box 9251, East Akron Station, Akron, Ohio 44305.

The 96th meeting of the **Essex County Coin Club** was held as usual on the second Tuesday of the month, August 11, 1964. At the Crestmont Savings & Loan, Maplewood, New Jersey, which is air conditioned. There were 30 members and six guests present. The meeting opened at 8 p.m. with the president, Anthony Milli, presiding. The minutes were read and accepted. The guests were made welcome. The Treasury report shows a continued gain. Letters of protest were read on the proposed changing of dates on U.S. coinage by several members who had written to both U.S. Senators and their Congressmen. It is evident that the continued use of the 1964 date for next year's coinage is very unpopular. Our convention of September 13, 1964 report shows progress and publicity and cards and throwaways are available for distribution. Local other conventions were spoken about, which are sponsored by legitimate clubs. We were complimented on the cleanliness of the premises. Someone explained how lucky the number 13 is as it appears on our country's money. The meeting adjourned at 9:30 p.m. for the auction which was eagerly bid on. Then the social coffee hour. — JAMES A. BROWN, Sec-Treas.

The **Torrance Coin Club, A.N.A. 40555**, met August 18 with 97 in attendance and 6 new members accepted. Wayne Dennis spoke briefly about the NASC convention and told of its willingness to rent cases for display purposes. Speaker of the evening Ann Hall augmented her talk on "Women on Coins" with an extensive display. She gave historical information about each coin, stating that Queen Isabella is the only foreign monarch whose likeness appears on a U.S. coin. She gave credit to Thelma Case for the incentive to start this collection. Varied exhibits were provided by Bob Axelrod, Minerva Axelrod, Bob Clemons, Vena Crow, Mel Kohl, Jack Strausberg and Roland Stokes. The unusual topic of the latter's exhibit was U.S. Presidents who have died or been assassinated in office. Visitors are invited to our meetings the third Tuesday evening monthly in the Torrance, Calif. Recreation Center at 3341 Torrance Blvd. — LILA M. BARRETT, Corr. Sec.

At the July meeting of **Bay Cities Coin Club, A.N.A. 10700**, 29 members and guests enjoyed an excellent talk by Ron Nichols on half dollars. Using slides, he gave detailed descriptions of the first three types, covering the remainder of the 15 types less precisely. A 1964 proof set, donated to the Club by auctioneer Karl Brainard, realized a high bid of \$20. — MARTY SHAPIRO, Acting Sec.

Seventy members and guests of **Compton Coin Club, A.N.A. 43963**, enjoyed a wonderful half hour of music by Judy Wiest, 15-year-old daughter of Ethel and Myron Wiest at the vibraphone and marimba, and Jean Palminteri, age 16, at the piano and accordion. Jean's proud parents were visitors. The two young ladies rendered about a dozen semi-classical and popular numbers with several combinations of the musical instruments they have mastered so well. By popular vote, Myron Wiest's exhibit of coins, medals and military decorations of German military service won first place over fine exhibits by Roland Stokes (second) and Evelyn Stokes. Four new members were welcomed into the Club, and we acknowledged with gratitude the exchange of club bulletins with the Azteca and the Bakersfield clubs. Plans were divulged for celebrating the Club's fourth anniversary in September, when we will welcome an outstanding numismatic speaker in the person of James R. Ray of Long Beach. — *Compton Coinette*, FELICE DE G. BURT, Editor

Sixteen-year-old Dave Seliger of Downey, a promising young numismatist, spoke on proofs and uncirculated coins at the August 17 meeting of **Santa Ana Coin Club, A.N.A. 31705**. With an attendance of 135, the meeting was held in the Civic Center, Santa Ana, Calif., and the club took in 17 new members. The main topic of post meeting talk, however, was Phillip Sheridan's

good fortune in winning two door prizes consisting of a gold set of \$20, \$10, \$5, \$2½ and \$1 coins plus \$37.50 in cash. It was announced that Abe Kosoff of Encino was scheduled as guest speaker at the September 21 meeting. — JOE STEELE, Pres.

(Editor's note: Joe Steele, A.N.A. 5249, is himself a promising numismatist with 38 years membership in A.N.A. Joe not only promises — he delivers — being an officer or past officer of numerous clubs in his state. He is also a Boy Scout merit badge counselor. Our hobby needs men like Joe Steele — men who keep working for its betterment rather than complaining about its shortcomings.)

# Executive Secretary's Report

### ADVERTISERS PLEASE NOTE ALL FOLLOWING CONDITIONS

All correspondence relating to advertising should be addressed to Advertising Manager, S. W. Freeman, P. O. Box 591, Newport, Ark. Make all remittances payable to the American Numismatic Association.

**Deadline:** Copy must be received by the Advertising Manager by the 5th of the month to insure insertion in the following month's issue.

**All Advertising Copy must be typed.** (See Preparation of Copy.)

**No mail bid sales listings accepted.** Circulation 27,000.

**Advertisements must have Numismatic significance.**

**Mechanical Requirements:** Full type page size  $4\frac{1}{2} \times 7\frac{3}{8}$ .

**Half page**  $4\text{-}1\frac{1}{2} \times 3\text{-}5\frac{8}{8}$  or  $2\text{-}1\frac{1}{8} \times 7\text{-}3\frac{8}{8}$  — no bleed pages.

**Halftone engravings:** 110 zinc or copper mounted on wood.

**Mats & stereos unacceptable.**

**No Advertising Agency commission allowed. No discounts.**

**Position may be requested, but not guaranteed.**

**No Advertising accepted from minors.**

**Advertising Contracts:** These are available for consecutive months as listed in the table above, and are necessary if reduced rates are to apply. In lieu of contract, reduced rates are granted only upon total advance payment for the period desired. If new copy has not been received by the 5th of the month, the previous month's advertisement will be used.

**References:** All advertisers, including members, who submit copy for the first time are required to furnish banking and trade references.

**Available Space Units:** Space units are limited to those listed in the table above or multiples or combinations thereof.

**Preparation of Copy:** Advertising Copy must be typed on paper of good quality, preferably  $8\frac{1}{2} \times 11$ ", and double spaced. Under no conditions should advertising copy be included in the body of the letter of transmittal, but should be typed separately, and stapled or clipped to the letter. Trade names may be used, but, except for corporations, the name of the proprietor or other responsible person of the firm must also appear unless such person is known to the Advertising Manager, in which case the name will be on file.

**Unless under contract, smaller units than one-half page accepted subject to available space in desired issue.**

**Illustrations:** All cuts to be provided by the advertisers. The Advertising Manager, when absolutely necessary, will have engravings made from furnished photographs, at national rates, to be paid for by advertiser.

**The right to edit copy, to require payment in advance, and to decline any advertisement is specifically reserved.**

# BOOK — COUNTERFEIT GOLD COINS

by Alfred Dieffenbacher

**NOW \$12.95**

Thanks to the great demand our book is now in its second print.

This makes it possible to reduce the price from \$41.00 to only \$12.95

From 1849 to present

## Standard Work:

180 different forgings of U.S.A., Great Britain, Germany, Switzerland, France

1600 illustrations (3¼") printed on high grade coated paper, showing clearly with original photo reproductions the counterfeit coins of five countries

800 pages 8½ x 11", loose leaf catalog, beautifully illustrated, completely indexed within a strong plastic cover

400 more individual forgings are in preparation Arabia, Austria, Mexico, Turkey, Russia and a host of others

## COMMENTARY:

**The American Numismatic Society, N.Y.,** Numismatic Literature No. 68, July, 1964, page 207

"The sharp increase of counterfeit gold coins in circulation during the years following World War II prompted the compilation of this catalogue, which should be of considerable help to collectors in the detection of French, German, British, Swiss and U.S. numismatic forgeries. In a brief introduction the author devotes separate sections to coinage regulations, terminology, gold coins as capital investment, the coin striking process, and the weight, standard and color of gold coins. The catalogue is profusely illustrated with sectional enlargements of representative coins and includes data pertaining to weight and fineness. FDC"

**John J. Ford, Jr., and Don Taxay,** Coin World, July 29, 1964, page 16

"Many of them, and a larger number of modern fakes of foreign coins, are listed in the recent publication on counterfeit gold coins by Dieffenbacher."

**Hans M. F. Schulman, N.Y.,** Coin World, January 17, 1964, page 80

"However, what there is is marvelously well done. The enlarged photographs help us greatly, and we believe Dieffenbacher's contribution to numismatics is great."

# GOLD CERTIFICATES

## DONLON HAS THEM AND WANTS TO BUY MORE!

Please price your notes. Positively no bids! Send stamped envelope for my selling price list of large and small Gold Certificates. Priced right, denominations \$10.00 to \$500.00

### HERE ARE FOUR UNUSUAL ITEMS FOR THE COLLECTOR WHO HAS EVERYTHING!

**NUMBER 1**, 1905 \$20.00 GOLD CERTIFICATE, Fr. 1179. The most beautiful of all Gold Certificates. Yellow background on face with small red seal, and beautiful gold back. This one with serial No. 1, looks as though it came off the press today. Nicest "gold back" I have ever owned. I'll pass it along to some collector who takes pride in owning the beautiful and unusual. Lyons-Roberts sigs. Price \$1495.00

**INVERTED BACK ON** \$20.00 1922 GOLD CERTIFICATE, Fr. 1187. A beautiful note. Very few mis-print "gold backs" slipped out. This number **without** inverted back, was advertised and sold in July by noted collector for \$250.00. The mis-print should be worth 4 or 5 times as much. It is priced to sell at \$495.00

\$500.00 1882 Lyons-Roberts with small red seal. Fr. 1216. Not many of this denomination floating around. Not in Philpott July sale. Face bright, looks new. Back shows minor folds. Few can afford to own one, therefore it is priced low at \$995.00

\$20.00 1882 Bruce-Wyman, brown seal. Fr. 1176. Scarce. Not in Philpott sale. A gem from the Grinnell collection A. U. \$295.00

(Have one roll set of Silver Nickels Gem coins — priced at \$1500.) All rolls guaranteed to your satisfaction, prices subject to change, please write or call on large purchases. Postage and insurance included in above prices. Please, please contact us *before* selling any BU rolls that you have, as we are paying much more for rolls we need. We can do this for the reason that, we do *not* list buying prices so low that we could say "Ship — Don't write" and take everything at below what you should get for your coins. We believe in a fair deal for the investor selling his rolls, just as we do in dealing with our customers.

### SOMETHING NEW IN MINT SETS

Our mint sets 1960 to 1964 now come in a flat package same as issued by the mint, only difference we select our coins with more care. Our older sets will be fixed the same way if requested instead of cellophane envelopes. These sets have been excellent investments through the years.

We carry a nice selection of coins Cents through Dollars, Half Cents, Large Cents, Type Coins and Gold. Also, we have many coins mentioned in the Bible. Want lists appreciated.

Remember COLORADO for vacations, the skiing looks great again and while here stop in and say hello; we are one block from the capitol.

## U. S. LIBERTY HEAD \$20.00 GOLD

Look at this unusual collection. To our knowledge, this is the first time such a set has ever been offered to a collector.

A complete year set, going back to the first year 1850 — and continuing every year right down to the last year of 1907. Some of the dates are very, very scarce. Others, very elusive and seldom found, but not necessarily expensive.

These lovely Double Eagles are attractively housed in three custom made black lucite holders, with gold stamping. The condition of all runs from Very Fine and better.

Such a collection not only offers a beautiful numismatic treasure that cannot easily be duplicated, but also is a sound and sensible investment as well. Price — \$6,500.00.

## VERY DESIRABLE UNCIRCULATED LINCOLN SET

The complete set from 1909 with all dates and mint marks, comes from the outstanding Weidenhoff Collection. It is attractively mounted, and reasonably priced at \$3,500.00. A detailed individual cost of each coin is included.

## WANTED

A real nice 1936 Proof Set. We will pay \$1,000.00 for a choice set, inasmuch as we are anxious to please one of our very nice clients.

## IS YOUR COLLECTION FOR SALE?

We are looking to purchase a carefully assembled collection. One of U.S. coins only, and another of Foreign coins.

The general category would be in the \$25,000 to \$100,000 price range. We are not looking for bargains, but are willing to pay top dollar, even exceeding generally advertised buying prices. Payment will be made immediately upon receipt of coins. All transactions handled in a confidential and courteous manner.

# The Fantastic 1804 Dollar

by

Eric P. Newman and Kenneth E. Bressett

An exhaustive study of the 1804 dollar is now presented for the first time in this unique book. Every piece of information ever recorded about the "king of American coins" is cited, discussed and analyzed in this truly fantastic story.

In a very enjoyable style the authors try, not to implant their opinions, but to present all known facts and startling new discoveries, outline modern methods of numismatic investigation, and allow the reader to draw his own conclusions.

This thoroughly illustrated book has an attractive library binding with 144 pages printed on highest quality paper.

## 70% CASH ADVANCE

**THAT'S RIGHT ! ! ! !** We will advance 70% of the fair retail value of your collection immediately upon receipt. We will then sell your collection at one of our forthcoming auction sales and you will receive your final settlement within 30 days after the sale. Our commission rates are always reasonable.

During the time that your coins are in our possession they are stored in our protected and insured vaults. When you receive your advance check, if for any reason you are not satisfied with the amount of the check, just return it and your coins will be returned postpaid.

In many cases our advance will be almost equal to others offer of outright purchase.

If you are not currently on our mailing list, just drop us a postcard with your full name and address and we will place your name on our catalogue mailing list.

**REMEMBER** — It is not too late to have your collection included in our next outstanding auction sale.

### OUR SALES ARE USUALLY HELD IN THE PARKER HOUSE

We are always in need of desirable numismatic material and will be happy to travel anywhere in the world to acquire it — either for auction or for outright purchase provided the value of the material warrants it.

**NO COLLECTION IS TOO LARGE** — We will furnish bank references upon request.

# YOUR OPPORTUNITY TO HELP NUMISMATICS IS NOW AT HAND

The A.N.A. Home and Headquarters FUND RAISING DRIVE is under way and gaining momentum daily. You can contribute to this greatest Numismatic project of the 20th century, without perhaps costing you one thin dime in actual cash.

HOW? The A.N.A. will sell by Auction at the Houston Convention in 1965, worthwhile Numismatic Material that is donated to the Headquarters project before May 1, 1965.

Your Numismatic donations to this great cause are tax deductible. Therefore, if you donate a roll of 1950-D Nickels that cost you \$10.00 14 years ago and you are in a 30% tax bracket you would save \$150.00 to \$300.00 in taxes, in effect making a profit on something *you are giving away*. How about it?

I have been selected by A.N.A. Officials to Catalog and conduct this Houston Sale. My personal services will be donated to this project. All proceeds will be paid directly to the American Numismatic Association. Numismatic items may be sent to the Executive Secretary or directly to me. In either case you will receive an official receipt from the Executive Secretary's office for your donation.

Anyone giving material worth \$100 or more will be listed as a donor and receive a special certificate of appreciation, \$2,000 or more as a Patron and \$10,000 or more as a Benefactor, and be honored in many ways.

Certainly most everyone, collector, dealer or investor, would surely agree that Numismatics has been wonderfully good to us over the years, now let us all put our shoulders to the wheel and do something worthwhile for Numismatics. We can put this Home and Headquarters drive over the top by the end of our 1965 convention *with your help*. This can be accomplished with ease, if all of you who can afford it, will get busy *now* and forward Nice Numismatic items of quality and value for this Houston sale.

This should not be taken as an invitation to cover us up with junk unsaleable white elephants, or current pocket change. We want only Material of Quality, that someone would want to buy and if at all possible, in single items, sets or groups that are practical to put into lots with a \$50.00 value or over.

Help us to fulfill this long cherished dream of a National Home and Headquarters for the American Numismatic Association. Your help now can make it a reality by 1966.

# AN ANNOUNCEMENT OF GREAT IMPORTANCE

*The Formation of*

## A Nationwide Medal Association

P. O. Drawer 327, Dallas, Texas

This association proudly announces the preliminary work complete for the first medal in a planned series of fifty-two medals that will be released at the rate of four a year. This finely executed piece is  $1\frac{1}{4}$  inches in diameter (slightly larger than a half dollar) and weighs approximately  $\frac{1}{2}$  oz. The preliminary work on the second, third and fourth medals is progressing on schedule.

Subjects to be commemorated are the District of Columbia, the fifty states and the original thirteen colonies. Three medals of each subject will be struck in platinum and donated to the advancement of numismatics as the governing board directs; all others for this series will be struck in STERLING SILVER.

To make this series as attractive as possible to you the collector and investor the number of orders received with remittance by the Association and postmarked prior to November 20, 1964, will be the determining factor for the number of medals struck of each of the first four subjects.

Medals will be sold by the Association ONLY on a yearly basis at the low issue price of \$16.60 (including all taxes, postage and insurance) for the four medals. The subjects of the four medals and the scheduled dates for release are: District of Columbia, December 15, 1964; California, March 15, 1965; Texas, June 15, 1965; and Minnesota, September 15, 1965.

Along with your order why not start this series for a special friend for Christmas or maybe a Son or Daughter? We will insert a gift card for you with the first medal on all orders to be sent as gifts.

Sincerely yours,

NATIONWIDE MEDAL ASSOCIATION  
O. Cameron, Chairman  
Board of Directors

## COURT COIN COMPANY

(Harold Whiteneck, Owner) LM 329

315 Washington St.

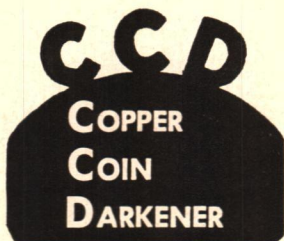

Boston, Massachusetts 02108

*To preserve, beautify and  
enhance the value of your coins,  
we recommend and offer*

Our own product, unequalled for cleaning coins, particularly useful on coins of copper or nickel. Easy to use, rapid and economical. In stores a 4-oz. bottle is \$1.25. The full 4-oz. bottle is now mailed anywhere in the U. S. or Canada for \$1.25.

Our new product. Use it to restore the color of age to coins which have been cleaned. Introduced in 1962 and 15,000 bottles sold in four months. In stores the 4-oz. bottle is \$1.00. The same bottle will be sent by mail for \$1.00, postpaid in U.S. or Canada. "CCD" turns your coins brown, not black.

#### **"CARE"**

Recommended for conditioning and preserving coins. Improves appearance and protects against corrosion. The 2-oz. bottle will treat thousands of coins. In stores, \$1.35 or by mail, postpaid in the U. S. or Canada, \$1.50.

#### **"JEWELUSTER"**

We have ourselves used and recommended this dip for more than 12 years; principally for removing tarnish from proof and uncirculated silver coins (Commemorative halves, etc.), 5-oz. plastic jar is \$1.25 in stores, or \$1.50 postpaid in U. S. or Canada.

#### **"V. M. CLOTH"**

For "high-lighting" and improving appearance of badly worn coins. Valuable accessory when used according to directions. Price: 50¢, postpaid in the U. S. or Canada.

Send \$5.00 for one each of "CCC," "CCD," "CARE" and "JEWELUSTER" (postpaid) and get the "V. M. Cloth" free.

When we say "postpaid" we mean carefully packaged to meet stiff postal requirements, and safe delivery guaranteed.

**DEALERS' INTRODUCTORY OFFER:** Postpaid prices: six "CCC" \$5.00, six "CCD" \$4.00, six JEWELUSTER, \$5.00, six "CARE" \$5.40. Order six each of the four accessories for \$19.40 and get six V.M. Cloths free.

### HASTY SELLING VS. QUICK BORROWING

Selling your collection can be profitable if you have enough time to find the best prices. *But a collection sold quickly is seldom sold profitably.*

In any emergency, borrow the money you need at *Edelman's*. Use your collection as collateral and still retain complete ownership.

At *Edelman's*, you can obtain quick confidential loans for any amount up to 80% of the value of your properties — from \$50 to \$50,000 and more. Take as long as 30 months to pay with a repayment plan tailored to your specific needs. Your collection will be safely protected in *Edelman's* air-conditioned vaults until you reclaim it. Write today for further information.

# FOREIGN COINS

For a good many years now a sustained flow of interesting, fairly attributed and soberly priced foreign patterns, gold, crowns, minor coins, medals, proclamation pieces, etc., has moved through my price lists which come out twice a month.

If you have a collection, hoard or stock of worthwhile foreign material you'd like to dispose of advantageously through competent hands, I'd like to hear of it.

## CAPITAL HOLDERS FOR CANADIAN COINS

CAPITAL Holders provide your coins with a luxurious and classic setting, measurably enhancing their presentation value. CAPITAL Holders are recognized throughout the hobby as the ultimate expression in coin display. All CAPITAL Holders, in the category shown, are made of life-time Plexiglas which will never fade or discolor. Each holder is made of 3 pieces of Plexiglas; the outer pieces are transparent, while the center piece is either jet black or milk white. Some holders, prefixed by an asterisk, are also available in beautiful transparent red, green or blue centers. In the event that your CAPITAL Dealer does not stock a given holder, shipment of most holders will be made within 2 days. All holders starting with numeral 4 are titled and printed at openings in gold.

**CUSTOMER COMMENTS:**

"For National Coin Week, cleaned up my set of Lincoln Cents. (Not with your product.) They looked beautiful but, after being in a store window the hot sun turned them a dreadful color and the product that I used would not bring up the color the second time. BRILLIANTIZE did the trick." — N. Y.

"BRILLIANTIZE is the best I have found yet. No other cleaner has gotten the tarnish off so well." — Nevada.

"BRILLIANTIZE coin cleaner is going very well in our stores." — Ohio.

Each kit consists of a booklet of instructions, applicators, a bottle of No. 1 Brilliantize which removes tarnish instantly and a bottle of No. 2 Brilliantize which makes the brilliancy long lasting. No. 2 Brilliantize also cleans very dirty and spotted coins. Brilliantize kits are complete, compact, well-sealed and very convenient to use. There is nothing more to buy.

## CORINTHIAN "COLTS"

Back in the fourth century before Christ, Corinth occupied an enviable position on the trade routes between the West and the East. Merchants and sailors from far and mysterious places mingled on its streets, and its staters or "colts" were known wherever money circulated. These coins depicted the winged horse, Pegasus, and the helmeted head of Athena who helped capture and tame it.

Corinth's great wealth produced a licentious populace and the erotic rites of its temples dedicated to the worship of Aphrodite raised eyebrows in a world used to the most lascivious paganism.

This small group of Corinthian staters originated in the period from 338 to 300 B.C., and if they could talk undoubtedly could tell some interesting stories. In nearly EF condition, they are priced at \$30.00 each.

I also have some early Persian sigloi of the period before 330 B.C. These are priced at \$8.50 in VG condition; and at \$12.50 in but slightly better condition.

All are guaranteed genuine.

Visit my table at Toledo, Oct. 30 - Nov. 1; at Pittsburgh, Nov. 14 and 15; and at Cleveland, Nov. 21 and 22.

I still need and will pay top prices for Early English, Anglo-Saxon, Scottish and Irish coins; ancient coins of almost all kinds; early crowns, and medieval pieces.

Send safely with best price, or for offer.

## FOREIGN NEW ISSUES

Many collectors of foreign coins watch for all of the new issues as they appear. I am not always the first, although my name appears under many new issues reported in various publications.

If you collect new issues of foreign coins, you will enjoy my price lists. Each month the new arrivals are listed, often with additional notes of forthcoming issues which are expected but not yet in stock.

New issues have been a specialty of mine for more than thirty years, when few were interested, and I was a lone voice crying in the wilderness. My stock is more varied than it was, but most foreign collectors look to my price list for these new coins. No charge, of course.

### COLLECTORS AND INVESTORS

alike will immediately recognize the genuine value offered in my 1902-1956 sets of English Farthings. These are the complete series including the scarce 1910-1935-1956 coins. Mounted in two Whitman folders the total of 61 coins includes the 6 obverse types. At least 5 will be BU. A set that the collector will show with pride. At only \$20 complete (postpaid) the investor should realize both short and long term profits. Check current Trends listings then order before the supply is gone.
